9. STATE PROPERTY AND BUILDINGS COMMISSION - The State Property and Buildings Commission issued $41,380,000 taxable refunding bonds on June 29, 1987, to refinance $67,026,000 outstanding academic facility and housing and dining system revenue bonds composed of 55 individual bond issues of Eastern Kentucky University, Morehead State University, Murray State University, Northern Kentucky University, the University of Kentucky, the University of Louisville and Western Kentucky University. The pre-existing debt of the refunded bonds is recognized in the financial statements of the respective universities, since these amounts are still considered an outstanding obligation of the respective universities. While this issue is shown as a liability of the State Property and Buildings Commission also, it continues to be a liability of the various state universities and is reflected in their debt outstanding as well. The remaining outstanding bond issues and amounts are:

	Series	Outstanding 6/1/1987	Outstanding 6/30/2008	Final Maturity
Murray State University Housing and Dining	L	1,660,000	720,000	9/2008
Northern Kentucky University Housing System	B	4,425,000	2,635,000	11/2020

10. The Gas Pipeline Authority has the authority to issue bonds but has no debt outstanding.

COMMONWEALTH DEBT MANAGEMENT

Management

The Office of Financial Management ("OFM"), Finance and Administration Cabinet, has central responsibility for the issuance, management, review and approval of all debt issued by the Commonwealth and its agencies. Table I lists active issuing entities. OFM is also responsible for the coordination and monitoring of cash needs relative to debt activity, debt service payments and the development of a comprehensive long-term debt plan. OFM serves as primary staff to the State Property and Buildings Commission, the Kentucky Asset/Liability Commission, the Turnpike Authority of Kentucky, and the Kentucky Local Correctional Facilities Construction Authority.

Structure

The Commonwealth's indebtedness is classified as either appropriation supported debt or non-appropriation supported debt as displayed in Table II.

Appropriation supported debt carries the name of the Commonwealth and is either (i) a general obligation of the State, or (ii) a lease revenue obligation of one of its debt issuing agencies created by the Kentucky General Assembly to finance various projects which is subject to state appropriation for all or a portion of the debt service on the bonds.

General obligation bonds pledge the full faith, credit and taxing power of the Commonwealth for the repayment of the debt. The Kentucky Constitution requires voter approval by general referendum prior to the issuance of general obligation bonds in amounts exceeding $500,000. Kentucky has not issued general obligation bonds since 1966. The Commonwealth has no general obligation bonds outstanding.

Project revenue notes and bonds are issued by various debt issuing authorities of the Commonwealth. The revenues produced by the projects funded by the debt are pledged as security for repayment of the debt. Project revenue debt is not a direct obligation of the Commonwealth. Project revenues are, in some cases, derived partially or solely from biennial appropriations of the General Assembly. In other cases the direct revenues generated from the project funded constitute the entire source of payment.

The payment of debt service by the state universities is enhanced by a state intercept provision that provides that in the event of a default, the Secretary of the Finance Cabinet is required to intercept any funds appropriated to the University but not yet disbursed and to remit those funds to the Trustee to remedy the default.

Non-appropriation or moral obligation debt carries the name of the Commonwealth for the benefit and convenience of other entities within the state. This type of indebtedness is a special obligation of the issuer, secured and payable solely from the sources pledged for the payment thereof and does not constitute a debt, liability, obligation or a pledge of the faith and credit of the Commonwealth. The General Assembly does not intend to appropriate any funds to fulfill the financial obligations represented by these types of indebtedness. Some issues covenant that in the event of a shortfall the issuer will request from the Governor and the General Assembly sufficient amounts to pay debt service. Kentucky Infrastructure Authority Governmental Agencies Program and certain Kentucky Higher Education Student Loan Corporation bond issues are not moral obligation debt.

Default Record

The Commonwealth has never defaulted in the payment of principal or interest on its general obligation indebtedness or its project revenue obligations.
