

CHIEF INFORMATION OFFICER COMMONWEALTH OF KENTUCKY

The Commonwealth of Kentucky is seeking to hire a Chief Information Officer (CIO) who will be the principal advisor to the Commonwealth on IT policy and administration. As a member of the Governor's Executive Cabinet and as functional head of the Commonwealth Office of Technology, the CIO will oversee the Commonwealth's strategic IT plan and IT policies. The CIO will manage a department with an operating budget of \$130 million, 800 staff and approximately \$600 million in IT capital project budgets.

For more information on the job description and requirements for this position, salary and benefits, and how to apply, go to <http://finance.ky.gov/CIO>
