Request for Proposals (RFP) to Serve as Financial Advisor to the Kentucky Infrastructure Authority for Fiscal Year 2015.

The Office of Financial Management (“OFM”) of the Finance and Administration Cabinet of the Commonwealth of Kentucky, on behalf of the Kentucky Infrastructure Authority (“KIA” or “the Authority”), is inviting proposals from pre-qualified firms to provide financial advisory services to the Authority. The engagement period will be for the fiscal year beginning July 1, 2014 and ending June 30, 2015 (“FY 2015”) with an option to renew for one year under the same terms and conditions at the discretion of OFM and the Authority.

The Authority was created to provide a mechanism for funding construction of infrastructure projects by governmental agencies of the Commonwealth. Currently there are four loan programs administered by the Authority. Additionally, the Authority administers state funded Special Appropriation Grants. These include:

Fund A - Clean Water State Revolving Fund Loan Program

This program is used to finance local wastewater treatment facilities and nonpoint source projects that qualify under the U.S. Environmental Protection Agency requirements of the Clean Water Act. Debt service for Fund A revenue bonds issued to provide the required state match is funded through state appropriations. The Authority has issued leveraged agency bonds for the Fund A program, program revenues are used for the debt service on these bonds.

Fund B - Infrastructure Revolving Loan Program

This program provides funding for utilities and other public services projects. Debt service for bonds issued to capitalize Fund B is funded through state appropriations.

Fund C - Governmental Agencies Program

This program provides local governmental agencies access to funding through direct loans financed predominantly with municipal bond proceeds at better terms than could be obtained on an individual basis. Debt service for Fund C revenue bonds is paid from local governmental agency receipts and not from state appropriations. As a result, no budgetary authorization is required.

Fund F - Drinking Water State Revolving Fund Loan Program

This program is used to finance local drinking water treatment facilities that qualify under the U.S. Environmental Protection Agency requirements of the Safe Drinking Water Act. Debt service for Fund F revenue bonds issued to provide the required state match is funded through state appropriations. The Authority has issued leveraged agency bonds for the Fund F program, program revenues are used for the debt service on these bonds.

SPAP - Special Appropriation Grants (State Funded)

The Kentucky General Assembly has specially appropriated by budget line item grants for water and wastewater infrastructure projects identified by the Area Water Management Councils in the Water Resource Information System.

Description of Services Sought

The firm engaged to perform financial advisory services to KIA will be working with the Authority, OFM, and potentially a senior managing underwriter and a bond counsel firm should the Authority issue any debt obligations or in preparation for the issuance of any debt obligations during the engagement. KRS 42.420 requires the Authority to submit all proposed debt financings to OFM for review and approval prior to issuance. OFM is very active in this role and serves as an additional financial advisor to the Authority. The engagement may include negotiated or competitive new money transactions, any refinancings, and other issuance-related financial transactions to include advice relating to any bond anticipation note program(s), debt service and other reserve funds.

The selected firm, if engaged to perform financial advisory services for the Authority, will be responsible for duties that include, but are not limited to the following:

1. Advise as to the various financing alternatives available and oversee any potential bond issuance in its entirety serving as the point of contact with rating agencies and issuers;
2. Review and develop possible alternatives related to debt transaction including evaluation of revenues available, maturity schedule and cash flow requirements;
3. Assist the Authority in developing the terms, conditions and structure of any proposed debt offering;
4. Develop a plan of financing for bonds to be issued including a maturity schedule and other terms and conditions, resulting in the most advantageous terms, consistent with a minimum effective interest rate, including determining the timing of the offering and the sizing of each bond issue;
5. Provide advice on the condition of the bond market at the time of sale, including volume, timing considerations, competing offerings, and general economic considerations;
6. Assist bond counsel in the coordination of the offering, including preparing such information, as necessary, for the rating agencies and upon approval, assisting in the presentation to such agencies; assisting in maintaining on-going relationships with the credit rating agencies;
7. Review all documents that are customary and necessary in order to structure and issue bonds;
8. Competitively bid for verification agent and printing services for the printing of official statements and bond forms;
9. Coordinate the sale and closing of the securities with the issuer, bond counsel, senior managing underwriter, the trustee, and the Commonwealth;
10. Assist in closing details and post-closing duties, including the development of closing memoranda (or “memorandums”);

11. Provide advice regarding investment of debt service reserve funds;
12. Provide advice on continuing disclosure requirements in relation to the bonds;
13. After issuance, interpret bond provisions and covenants when requested by representatives of the Authority and or staff;
14. Provide information to the Authority about outstanding loans and debt issuances as agreed to by both the Authority and the firm selected in an electronic format accessible by the Authority (Excel, Access, etc);
15. Provide Credit rating maintenance – proactively develop materials to convey accurate the program rating profile for periodic surveillance and transaction ratings, including regular default tolerance analyses;
16. Undertake any and all other financial planning and policy development assignments requested regarding bond and other financings, and financial policy including cash management issues and related fiscal policies and programs, including those promulgated by EPA requests;
17. Provide financial advisory support for all other matters necessary or incidental to the issuance of the bonds or administering the Authority’s loan programs.

Debt Service Appropriation Process

The Commonwealth of Kentucky is constitutionally mandated to budget on a biennial cycle, with the new biennium beginning July 1 of the even numbered calendar years. The biennium consists of two (2) fiscal years, each fiscal year beginning July 1 and ending June 30 of the next calendar year.

The budget process normally begins in August prior to the start of each new biennium. Each cabinet and agency prepares a budget request for the upcoming biennium, which is submitted to the Office of the State Budget Director (“OSBD”). As part of this process, each cabinet and agency requests the amount of new debt service dollars required to support new or expansion projects to be funded via the debt issuance process. Debt service for new projects is estimated using a debt service template which provides rate assumptions for 7-, 10-, and 20-year bonds issued on a tax-exempt or taxable basis. The Authority is involved in the budget recommendation process regarding potential authorizations and projects. The OSBD further refines the cabinet and agency budget requests into the Governor’s Executive Budget Request, which is then presented to the General Assembly.

The Governor is required by Kentucky law to submit a biennial State Budget (the "State Budget") to the General Assembly of the Commonwealth during the legislative session held in each even numbered year. State Budgets have generally been adopted by the General Assembly during those legislative sessions, which end in mid-April, to be effective upon the Governor's signature for appropriations commencing for a two-year period beginning the following July 1.

Kentucky Preference Laws (KRS 45A.490-494)

The scoring of bids/proposals is subject to Reciprocal preference for Kentucky resident bidders and Preferences for a Qualified Bidder. *Vendors not claiming resident bidder or qualified bidder status need not submit the corresponding affidavit.

Reciprocal preference for Kentucky resident bidders

KRS 45A.490 Definitions for KRS 45A.490 to 45A.494.

As used in KRS 45A.490 to 45A.494:

- (1) "Contract" means any agreement of a public agency, including grants and orders, for the purchase or disposal of supplies, services, construction, or any other item; and
- (2) "Public agency" has the same meaning as in KRS 61.805.

KRS 45A.492 Legislative declarations.

The General Assembly declares:

- (1) A public purpose of the Commonwealth is served by providing preference to Kentucky residents in contracts by public agencies; and
- (2) Providing preference to Kentucky residents equalizes the competition with other states that provide preference to their residents.

KRS 45A.494 Reciprocal preference to be given by public agencies to resident bidders -- List of states -- Administrative regulations.

- (1) Prior to a contract being awarded to the lowest responsible and responsive bidder on a contract by a public agency, a resident bidder of the Commonwealth shall be given a preference against a nonresident bidder registered in any state that gives or requires a preference to bidders from that state. The preference shall be equal to the preference given or required by the state of the nonresident bidder.
- (2) A resident bidder is an individual, partnership, association, corporation, or other business entity that, on the date the contract is first advertised or announced as available for bidding:
 - (a) Is authorized to transact business in the Commonwealth; and
 - (b) Has for one (1) year prior to and through the date of the advertisement, filed Kentucky corporate income taxes, made payments to the Kentucky unemployment insurance fund established in KRS 341.490, and maintained a Kentucky workers' compensation policy in effect.
- (3) A nonresident bidder is an individual, partnership, association, corporation, or other business entity that does not meet the requirements of subsection (2) of this section.
- (4) If a procurement determination results in a tie between a resident bidder and a nonresident bidder, preference shall be given to the resident bidder.
- (5) This section shall apply to all contracts funded or controlled in whole or in part by a public agency.
- (6) The Finance and Administration Cabinet shall maintain a list of states that give to or require a preference for their own resident bidders, including details of the preference given

to such bidders, to be used by public agencies in determining resident bidder preferences. The cabinet shall also promulgate administrative regulations in accordance with KRS Chapter 13A establishing the procedure by which the preferences required by this section shall be given.

(7) The preference for resident bidders shall not be given if the preference conflicts with federal law.

(8) Any public agency soliciting or advertising for bids for contracts shall make KRS 45A.490 to 45A.494 part of the solicitation or advertisement for bids.

The reciprocal preference as described in KRS 45A.490-494 above shall be applied in accordance with 200 KAR 5:400.

Determining the residency of a bidder for purposes of applying a reciprocal preference

Any individual, partnership, association, corporation, or other business entity claiming resident bidder status shall submit along with its response the attached Required Affidavit for Bidders, Offerors, and Contractors Claiming Resident Bidder Status. The BIDDING AGENCY reserves the right to request documentation supporting a bidder's claim of resident bidder status. Failure to provide such documentation upon request shall result in disqualification of the bidder or contract termination.

A nonresident bidder shall submit, along with its response, its certificate of authority to transact business in the Commonwealth as filed with the Commonwealth of Kentucky, Secretary of State. The location of the principal office identified therein shall be deemed the state of residency for that bidder. If the bidder is not required by law to obtain said certificate, the state of residency for that bidder shall be deemed to be that which is identified in its mailing address as provided in its bid.
