

Fire Suppression - Record Drawing Guidelines

Division 210000-4

In addition to the requirements found in previous chapters of the Procedures Manual, the following guidelines identify additional record drawing expectations for Fire Suppression.

Division 21 Fire Suppression Additional Record Drawing Guidelines:

- Incorporate sprinkler installer's shop drawings into Record Drawing set.
- Floor Plans
 - Present location of tool and spare component storage cabinet on plans.
 - Present contact information for warranty service provider.
 - Provide room numbers that reflect identifiers corresponding to Owner's installed labeling.
- Schedules
 - All manufacturer and model references are to reflect information for installed devices in lieu of specified devices.
