The attached materials request that you provide certain information to the Finance and Administration Cabinet regarding accounts receivable. This information enables the Finance and Administration Cabinet and the Department of Revenue to fulfill the reporting requirements of KRS 45.241 (10) and KRS 45.237 (6). **Please read the information below and see the sample letter on page 3. Each department is required to send a response letter, even if the department does not have any accounts receivable.**

In accordance with KRS 45.241 (10) and KRS 45.237 (6), each department must provide information regarding both liquidated and unliquidated debts and improper payments due the Commonwealth as of June 30, 2019. According to KRS 45.241, “Liquidated debt means a legal debt for a sum certain which has been certified by an agency as final due and owing, all appeals and legal actions having been exhausted; and for the Court of Justice means a legal debt including any fine, fee, court costs, or restitution due the Commonwealth, which have been imposed by a final sentence of a trial court of the Commonwealth and for which the time permitted for payment pursuant to the provisions of KRS 23A.205(3) or KRS 24A.175(4) has expired.” While the legislation does not provide a definition of unliquidated debt, it is reasonable to believe that any debt not liquidated constitutes unliquidated debt. Unliquidated debt includes a legal debt billed by an agency but is under administrative appeal. According to KRS 45.237, “Improper Payments means a payment made to a vendor, provider, or recipient due to error, fraud, or abuse.” All organizational units or administrative bodies in the executive branch of state government as defined by KRS 12.010 must provide the requested information as of June 30, 2018.

The following summarizes the required information reported to the Interim Joint Committee on Appropriations and Revenue and/or The Legislative Research Commission on October 1, 2019, for the amounts due as of June 30, 2019:

The **Finance and Administration Cabinet** must report the following for the General Government Cabinet's unliquidated debt: amount by department, fund type, and age categorized as less than one (1) year, less than five (5) years, less than ten (10) years, and over ten (10) years.

The **Department of Revenue** must report the following for liquidated debts referred to them for collection: amount by department, fund type, and age, categorized as ninety (90) to one hundred seventy-nine (179) days old, one hundred eighty (180) to three hundred sixty-four (364) days old, over one (1) year but less than three (3) years old, and over three (3) years old.

Each **Cabinet** must report the following for both unliquidated and liquidated debts and improper payments: amount by department, fund type, and age categorized as less than one (1) year, less than five (5) years, less than ten (10) years, and over ten (10) years.
In an effort to satisfy these reporting requirements and ensure that the information reported is uniform for all departments, we request each department to complete the attached forms. The definitions included in this text and on the AFR instructions correspond to the appropriate statutes. Remember to include items outstanding as of June 30, 2019.

Do not include:
- Amounts due from the Federal government
- Amounts due from other states
- Amounts due from other state departments

Completion of the reports will not only assist your department in complying with the mandated reporting requirements but will also allow the Department of Revenue to determine where to focus their resources when determining which departments need assistance with their collection efforts and will provide Finance with the information they are required to report. The Finance and Administration Cabinet will compile the data provided by all state departments and will submit the report to the appropriate committees; however, each department must be prepared to address any questions that may arise as a result of the reports.

If your department's total accounts receivable are less than $10,000, it is not necessary to complete these forms. However, you might receive a request for additional information for amounts less than $10,000 later. In the event you are reporting less than $10,000 in receivables, complete a transmittal certification letter on your department's letterhead and choose the appropriate response. Attached is the list of responses to choose from (see page 3). Please feel free to add any additional comments or explanations that may help us to understand your accounts receivable.

**NOTE:**
- Total liquidated debt (AFR-34B)
  + Unliquidated debt (AFR-34A)
  + The above exceptions:
    - Amounts due from the Federal government
    - Amounts due from other states
