COMMONWEALTH OF KENTUCKY
FINANCE AND ADMINISTRATION CABINET
DIVISION OF REAL PROPERTY

INVITATION TO BID

FOR LEASE

STATE-OWNED REAL PROPERTY

KENTUCKY DEPARTMENT OF FISH AND WILDLIFE RESOURCES

LEASE OF 350.5 ACRES OF AGRICULTURE LAND

HIGGINSON-HENRY WILDLIFE MANAGEMENT AREA

MORGANFIELD, UNION COUNTY, KENTUCKY

Invitation No: 11242026
Bid Opens: Tuesday, November 24, 2026, at 3 p.m. ET

INSTRUCTIONS TO BIDDERS

(1) Bid must be submitted on the "Form of Proposal" included within and made part of this Invitation, appropriately signed and received at the Division of Real Properties, State Properties Branch, Bush Building, 3rd Floor, 403 Wapping Street, Frankfort, Kentucky 40601-2607, not later than the specified "bid opening" time and date.

(2) The Commonwealth of Kentucky reserves the unqualified right to reject any or all bids.

(3) Bids will be 'publicly' read aloud and Bidders may access the bid opening through a conference call. To access the conferencing bridge, Bidders may either dial 502-782-CONF (2663) OR 502-564-9110. Once called, Bidders will be prompted to enter an ID code 240522021 and lastly enter the Bidders, as "attendees/participants" need to enter the code 77330. Please be mindful that the conference call will not begin until the moderator (Buyer: Wendell Harris) is logged in and the conference call will end once the moderator hangs up.

(4) For further information or to obtain a hard copy of the bid package, contact Wendell Harris, Division of Real Properties, Bush Building, 3rd Floor, 403 Wapping Street, Frankfort, KY 40601-2607, Phone: (502) 782-0360 or email: *wendell.harris@ky.gov*.

INVITATION TO BID

Agricultural Land

Higginson-Henry Wildlife Management Area

Union County, Kentucky

General Terms and Conditions

At the request of the Kentucky Department of Fish and Wildlife Resources (KDFWR), the Division of Real Properties issues this invitation to bid on the lease of agricultural land at the Higginson-Henry Wildlife Management Area (WMA) located in Union County, Kentucky.

Sealed bids, subject to the conditions contained herein, will be opened at the Division of Real Properties, Bush Building, 403 Wapping St, 3rd Floor, Room 300, Frankfort, Kentucky 40601, **Tuesday, November 24, 2026, at 3 p.m. ET**

Purpose of Leasing:

The properties will be leased primarily for agricultural purposes to ensure a dynamic supply of food and cover for wildlife, providing sport and recreational opportunities for present and future residents of the state. Leasing the property produces income that offsets operational expenses of the area and is part of an overall habitat and land management program for fish and wildlife uses.

Section I - Operations

Property to be Leased:

The land to be leased is owned or licensed to the Kentucky Department of Fish and Wildlife Resources (KDFWR) and consists of approximately three hundred and fifty (350) acres of row crop with previous row-cropping history. Each field can be identified by the tract and field number, which corresponds to the listing in the Farm Contract Bid Form, Crop Rotation Plan, and Maps. The field numbers are assigned by the Supervising Biologist. The Farm Contract Bid Form, Crop Rotation Plan, and Maps reflect a five (5) year annual crop rotation plan of soybean, yellow corn, or alternative crop for each field. Bidders will be bidding cash per acre on a total of five (5) tracts and twenty-seven (27) fields on one (1) bid form.

Requirements:

Bids should indicate the annual per acre rental cost that the Bidder is willing to pay for the row crop acreage during the contract period. Rental payments will be based on the amount of acreage planted in that cropping year and are subject to change year by year. The lessee is not expected to pay rental on acreage that is left fallow or planted in food plots as

designated by KDFWR during each cropping year. At the end of each cropping year, KDFWR staff will use GPS equipment to confirm the amount of acreage planted in each field during that year.

In the event of crop failure because of natural events (flooding, hail, etc.), the lessee will still be expected to pay rent on the acreage planted. Financial losses accrued because of crop losses due to natural events should be handled through the lessee's insurance provider(s).

The cash rental is in addition to leaving an assigned percentage of the crop in the field for wildlife and goods and services outlined below. The percentage of crops left in the field for each tract is listed in the Farm Contract Bid Form and is dependent upon the wildlife management plan of the wildlife management area (WMA). ***If it is determined that percentages of crop left are less than outlined in the attached Farm Contract Bid Form, payment shall be assessed based on the specific county average crop yield and current local cash market price, paid to KDFWR at the end of the contract year.*** The share of crops left in the field shall become the property of KDFWR and may not be altered until after March 15th. With approval from the supervising biologist, any crop left standing after March 15 may be harvested by the tenant or an alternate designated by the agency in preparation for planting the following year's crop. Any such harvest shall be conducted on a 50/50 share basis, with 50% of the harvested crop allocated to the tenant and 50% allocated to the Kentucky Department of Fish and Wildlife Resources (KDFWR). The tenant shall pay KDFWR the market value of its 50% share by check made payable to the Kentucky Department of Fish and Wildlife Resources.

Additionally, prior to harvest in each cropping year, the lessee shall contact KDFWR personnel to determine the location of where crops are to be left standing in each field. ***The pattern in which crops are to be left standing is often extremely important for the overall management plan on the WMA and is often the sole reason for having row crop production in the field. Therefore, failure to contact KDFWR personnel prior to harvest concerning where crops are to be left standing will result in a penalty of Seven Hundred and Fifty Dollars ($750.00), payable at the end of the cropping season when cash rental payments are due.***

Non-planted Acres:

Several fields and portions of fields on the property have been retired as part of habitat management programs. Additionally, during certain cropping years, portions of fields may be left out of row crop production to improve wildlife habitat or provide public hunting opportunities on the WMA. The Lessee will be notified of these areas prior to each cropping year by the Supervising Biologist or designated KDFWR staff. The Tenant shall not disturb, mow, crop, apply herbicides to, or otherwise alter any non-crop areas without approval of the Supervising Biologist. ***Damage to non-crop areas because of farming activities conducted by the lessee will result in a financial penalty at the end of each cropping year. The penalty for damage to non-crop acres will be Two Hundred and Fifty Dollars per acre ($250/acre) and will be paid at the end of the cropping year at the same***

time annual cash rental payments are due. The acreage of non-crop damage will be calculated by KDFWR staff under the direction of the Supervising Biologist using GPS equipment, and descriptions of the damages will be thoroughly documented in writing and with photographs. KDFWR realizes that accidents and minor mistakes do occur, therefore, the penalty for damage to non-crop areas applies only for those instances where blatant negligence has occurred, as determined by the Supervising Biologist. See the WMA Land Use Conditions and Contract Annex for further details. ***The Department of Fish and Wildlife reserves the right to withdraw acreage from the annual leases at its discretion for the purposes of soil and water conservation and/or wildlife habitat management practices at any time during the length of the contract.***

If the successful Bidder cannot or does not plant all production acres in the contract, vegetation must be controlled through chemical or mechanical means. The acreage and location of vegetation controlled shall be determined by the Supervisory Biologist prior to any work being conducted. The cost associated with the vegetation will be the responsibility of the successful Bidder. The vegetation control methods and chemicals will be at the discretion of the Supervisory Biologist. They will be selected based on wildlife management goals (e.g. ridges may be disked, low ground may be sprayed with a broadleaf, selective herbicide).

Soils and Applications:

It is recommended that the Lessee during the first year of the contract to perform soil tests on fields they utilize and provide copies of the test and proof of fertilizer application. For consistency, the University of Kentucky's Extension offices in each county should be used for the soil test services. All test results and field locations shall be kept on file at the appropriate local office location for each property involved. The Lessee should comply with soil test recommendations for lime using at a minimum 2 tons/acre or the recommended rate. Chicken litter is not allowed.

Access:

Due to unforeseen natural landscape changes and limited access roads, KDFWR cannot guarantee access to all leased fields. It shall be the responsibility of the Bidder to determine the conditions of access to the fields for which they bid on. It is suggested that potential Bidder contact the Supervising Biologist or designated KDFWR staff to arrange for inspection of the property where access is questionable.

Section II – Goods and Services

All goods and services shall be made available to Kentucky Department of Fish and Wildlife Resources (KDFWR) once the contract has been signed and executed and made available throughout the term of the contract.

Road Maintenance:

As part of road maintenance due to farming activities, the successful Bidder will be required to provide up to $5,000 worth of white rock (not including hauling fee), and/or any improvements to roads and road infrastructure per year. Rock size and delivery (method, time, and location) will be specified by the managing KDFWR staff. The cost will be deducted from the Bidder's final contract payment each year. Receipts and weight tickets will be required for all rock and improvements to roads or road infrastructure. The suggested months for road maintenance are August to October.

Food Plot Seed:

As part of the wildlife management efforts, the successful Bidder will be required to provide up to $5,000 of food plot seed, seed application, purchase equipment, and/or supplies. Winter wheat may be bin run or cleaned seed wheat. Seed, seed application (method, time, and location), equipment, and supplies will be specified by the managing KDFWR staff. The cost associated will be subtracted from the successful Bidder's final contract payment each year. Receipts will be required for all seed, seed applications, purchased equipment, and supplies. The suggested months for seed, seed application, purchased equipment, and supplies are May to October.

Chemicals/Fertilizer:

As part of our area management, the successful Bidder will be required to provide up to $2,000 worth of chemical and fertilizer, contracted chemical/fertilizer application, purchase equipment, and/or supplies. The chemical/fertilizer type, application (method, time, and location), equipment, and supplies will be specified by the managing KDFWR staff. The cost associated will be subtracted from the successful Bidder's final contract payment each year. Receipts will be required for all chemicals/fertilizers, chemical/fertilizer applications, purchased equipment, and supplies. The suggested months for chemical/fertilizer, chemical/fertilizer application, purchased equipment, and supplies are April to October.

Heavy Equipment:

As part of area maintenance, the successful Bidder will be required to provide up to $5,000 worth of heavy equipment purchases, services, and rentals. The heavy equipment, services, and rentals (method, time, and location) will be specified by the managing KDFWR staff. The cost associated will be subtracted from the successful Bidder's final contract payment each year. Receipts will be required for all heavy equipment purchases, services, and rentals. The suggested months for heavy equipment purchases and services are January to March.

Other Goods and Services:

Any combination of goods or services listed above may be reallocated by the Supervising Biologist or by designated KDFWR staff to meet the property's management goals due by December 1st. The dollar amount of goods and services shall not exceed the maximum spending capacity in total or 90% of the amount owed based on the planted acres for each contract year, whichever is less. ***A $20,000 maximum spending capacity has been set on all goods and services for each contract year.*** Each good and service listed above represents an example of an annual allotment for the contract. However, any amount not utilized will be payable with the annual rent on December 1st annually.

Section III – Bids and Terms

Bid Forms:

Bid Forms list all fields designated by Kentucky Department of Fish and Wildlife Resources (KDFWR) tract and field numbers. These numbers correspond to the field numbers shown on the Farm Contract Maps. The Bid Form includes the Farm Contract Crop Rotation Plan for each field which the Bidder will be required to plant the crop specified on the plan for that year. It is expected that the roe crop rotation be maintained with approximately 50% yellow corn and 50% soybeans for the term of the contract. No other crop will be permitted. ***The penalty for planting a crop other than the designated crop on the Crop Rotation Plan will be Two Hundred and Fifty Dollars per acre ($250/acre) and will be paid at the end of the cropping year, at the same time annual cash rental payments are due.***

The Lessee will only be required to pay rent on the amount of acreage planted. The Supervisory Biologist or designated KDFWR staff reserves the right to change the location or acreage of food plots during any given year; however, the Lessee will be notified of any changes prior to the planting season of each year. This includes, and is not limited to, the planting of a dove field food plot to provide public dove hunting opportunity or leaving a field to fallow for wildlife habitat. The Lessee will be provided with a map of the proposed dove hunting food plot location and/or acreage change for each year.

The Lessee shall not mow, apply herbicides to, drive over, or otherwise disturb food plots established by the Supervisory Biologist or the designated KDFWR staff. KDFWR reserves the right to apply cover crops at its expense and in any row crop field following harvest. The Tenant is also allowed, and encouraged to, implement cover crops in any field of their choosing, if it does not interfere with the Crop Rotation Plan, and the Tenant gains approval from the Supervisory Biologist. It is understood that the Tenant is required to destroy all cover crops regardless of who planted it. No cover crops shall be harvested to ensure that the crop rotation is explicitly followed according to the Farm Contract Bid Form and Crop Rotation Plan.

Bid Forms are available at the Higginson-Henry Wildlife Management Area Office [6440 State Route 56 E, Morganfield, Kentucky 42437] or at the Sloughs Wildlife Management

Area Office [9956 Highway 268, Corydon, Kentucky 42406]. Please refer to the contact information below with any questions or concerns.

Maps and Site Visits:

Maps showing the property to be leases are included in this document. Available maps show individual field numbers and their corresponding acreage. Bidders are urged and expected to inspect the property to be leased, regardless of previous knowledge about the property, and to satisfy themselves as to all general and local conditions that may affect the cost of compliance with the lease to the extent such information is reasonably obtainable. In no event will failure to inspect the site constitute grounds for a claim after award of the lease. Please refer to the contact information below to discuss the property and/or schedule a site visit.

Bids and Bidding:

Bidders are bidding on the entire row crop acreage on Higginson-Henry Wildlife Management Area (WMA). Bidders should submit their bids on the enclosed Farm Contract Bid Form. These should be completely filled out, signed, and submitted in the enclosed bid envelope with one (1) deposit check of One Hundred Dollars ($100.00). Bidders should indicate the amount they will pay as rental per acre for each acre of row crop on the WMA. The Commonwealth of Kentucky, the Kentucky Department of Fish and Wildlife Resources, and/or the Supervisory Biologist reserve the unqualified right to reject any and all bids without prejudice. All Bidders will be notified by mail of the results. Please refer to the contact information below for further information.

In the absence of any written bids for any part of the WMA property, the KDFWR Regional Coordinator reserves the right to negotiate any contract necessary with a cooperator of their choosing to reach their desired habitat management objectives.

Bid Revisions and Adjustments:

Rental rates in response to this invitation shall remain firm for the entire five (5) years of the resulting lease. If the Bidder withdraws from the contract; the next highest Bidder will be contacted to assume the remaining term(s) of the lease. ***However, the Kentucky Department of Fish and Wildlife Resources reserves the right to withdraw field(s) or parts of any field(s) form agricultural leases in subsequent contract years for wildlife habitat management purposes.***

Term of Lease:

The successful Bidder will be required to enter a lease contract with the Kentucky Department of Fish and Wildlife Resources for a term of one (1) year that may be renewed for up to four (4) successive yearly renewals for a total of five (5) years. Renewals will take place between February 1st to February 15th of each year. The lease will be for a crop year (March 15th to October 25th) unless special circumstances warrant otherwise.

Section IV – Revenue Payable

Payment of Rental:

The successful Bidder will enter a lease agreement with the Kentucky Department of Fish and Wildlife Resources (KDFWR) on an annual basis (renewable for four (4) additional years for a total of five (5) years). For row crops, a payment of 10% as a Spring deposit for the balance of the estimated 90%. The lease agreement will provide for an adjusted final payment of the balance of the contract due on or before December 1st of each contract year. ***A three percent (3%) late charge will apply if the balance is not received by the December 1st deadline.***

Final payment will be calculated on a price bid per acre of crop planted format. Acreage planted for each field must be reported by the Tenant each year and will be verified KDFWR staff using GPS equipment. Goods and Services will be deducted from the Final payment total provided annually.

Section V – Liability and Insurance

Liability:

The successful Bidder agrees to indemnify and hold harmless the Commonwealth of Kentucky from any and all claims, demands, damages, actions, cost's including attorney fees, and charges for which the Commonwealth of Kentucky may be subject, or for which the Commonwealth of Kentucky or the successful Bidder, may be required to pay by reason of injury to any person or property loss arises directly form the negligence of the Commonwealth of Kentucky, or any of its officers, agent, or employees, while acting within the scope of their employment. The successful Bidder shall, at their own expense, assume defense of such claims and actions for damages or judgements arising directly from the negligence of the Commonwealth of Kentucky, any of its departments or agencies, or any of its officers, agents, or employees while acting within the scope of their employment.

Section VI – Termination and Cancellation Clauses

Termination for Default:

a) If at any time during the period in which the lease agreement is in effect, the successful Bidder, in the opinion of the Commonwealth of Kentucky, defaults on any obligation incurred hereunder, including but not limited to the obligation to pay rent, as provided in the resulting agreements, then the agreements shall be subject to termination by the Commonwealth of Kentucky, with no right of recourse remaining in the successful Bidder. All rights and benefits herein conferred shall be deemed forfeited, and the successful Bidder covenant that they shall quietly surrender possession of the demised premises to the Commonwealth of Kentucky, provided however, that before any

termination shall occur under this section, the successful Bidder shall be given written notice and be allowed thirty (30) days from the date of receipt of such notice in which to cure such default or noncompliance. If said default or noncompliance is cured within the above time period, then the lease agreement shall remain in full force and effect.

b) The procedure for termination of the lease agreements under this section shall be as follows:

    1. The Commonwealth of Kentucky shall deliver, by certified mail, to the successful Bidder a "Notice of Termination:" which shall specify (a) the nature of termination; (b) the extent to which use under the lease agreements are to be terminated; and (c) the date upon which termination becomes effective.

    2. The successful Bidder shall stop use; under the lease agreement on the date indicated and to the extent specified in said "Notice of Termination", unless the default on noncompliance is cured within the time period stated in the notice.

c) In the event of termination for default, the successful Bidder shall be responsible for repaying to the Commonwealth of Kentucky any and all monetary sums due to the Commonwealth of Kentucky under the lease agreements, up to and including the effective date of termination.

d) The rights and remedies for the Commonwealth of Kentucky provided in the agreements shall not be exclusive, and are in addition to any other rights and remedies provided by law or in equity.

Cancellation Clause:

Either party may cancel the resulting lease for no cause by giving written notice to the other party, specifying the date of cancellation, with such notice to be given not less than thirty (30) days prior to the date of such cancellation. Time to be computed from date of mailing notice. Upon said cancellation, the successful Bidder shall quit the premises and leave it in as good order as received, ordinary wear and tear, and natural decay excepted. Any cancellation of this agreement, however caused, shall be entirely without prejudice to the rights of the Commonwealth of Kentucky then accrued hereunder. The Kentucky Department of Fish and Wildlife Resources may cancel any or all of the cropping contract without reservation; so as to be able to install its desired wildlife habitat projects on the property.

Section VII – Inquires, Contact, and Communication

Higginson-Henry Wildlife Management Area Office and Personnel:

For further information, questions, or concerns regarding management on the Higginson-Henry Wildlife Management Area (WMA), please contact staff Monday through Friday 8:00am to 3:00pm (CST):

Office Address – 6440 State Route 56 E, Morganfield, Kentucky 42437

AUTHENTICATION OF BID AND AFFIDAVIT OF NON-COLLUSION AND NON-CONFLECT OF INEREST

I hereby swear (or affirm) under the penalty for false swearing as provided by KRS523.040:

1) That I am the Bidder (if the Bidder is an individual), a partner (if the Bidder is a partnership) or an officer or employee of the bidding corporation having authority to sign on its behalf (id the Bidder is a corporation);

2) That the attached bid or bids covering Kentucky Division of Real Properties Invitation No. **11242026** have been arrived at by to bidder independently and have been submitted with, and without any agreement understanding or planned common course of action with any other lessee of materials, supplies, equipment or services described in the Invitation to Bid, designed to limit independent bidding or competitions;

3) That the contents of the bid or bids have not been communicated by the Bidder or its employees or agents to any person not an employee or agent of the Bidder or its surety on any bond furnished with the bid or bids and will not be communicated to any such person prior to the official opening of the bid or bids.

4) That the Bidders is legally entitled to enter into contracts with Commonwealth of Kentucky and is not in violation of any conflict of interest, statute, including the provisions of KRS 45A.330 to 45A.340, 45A990, 45A.164.390 or KRS 11A.040 of the Executive Branch Code of Ethics; and,

That I have fully informed myself regarding the accuracy of the statements made above

Rev. 9-16-22

Required Affidavit for Bidders, Offerors and Contractors (KRS 45A.110 & 45A.115)

Rev. 9-16-22

Affidavit Effective for One (1) Year from Date of Execution

Instructions: Pursuant to KRS 45A.110 and 45A.115, a bidder, offeror, or contractor ("Contractor") is required to submit a Required Affidavit for Bidders, Offerors, and Contractors to be awarded a contract, or for the renewal of a contract. An authorized representative of the contracting party must complete the attestation below, have the attestation notarized, and return the completed affidavit to the Commonwealth.

Attestation

As a duly authorized representative for the Contractor, I swear and affirm under penalty of perjury, that that the Contractor has not knowingly violated campaign finance laws of the Commonwealth of Kentucky and that the award of a contract will not violate any provision of the campaign finance laws of the Commonwealth. For purposes of this attestation, "Knowingly" means that the bidder or offeror is aware or should have been aware of the existence of a violation. The bidder or offer understands that the Commonwealth retains the right to request an updated affidavit at any time.
