**LIBRARY** – A public or nonprofit facility providing library services free to all residents of a community, district, State or Region.

**LICENSED** – Recognition and approval by the appropriate State or local authority approving institutions or programs in specialized areas. Licensing generally relates to established minimum public standards of safety, sanitation, staffing and equipment as they relate to the construction, maintenance and operation of a health or educational facility, rather than to the academic, instructional or educational or public health program such as occupational training, physical or mental health rehabilitation services, or nursing care. Licenses frequently must be renewed at periodic intervals.

**LOCAL GOVERNMENT** – A government or administration of a locality within a State or a possession of the United States.

**MEDICAL INSTITUTION** – An approved, accredited or licensed public or nonprofit institution, facility, entity or organization the primary function of which is the furnishing of public health and medical services to the public at large or promoting public health through the conduct or research for any such purposes, experiments, training or demonstrations related to cause, prevention and methods of diagnosis and treatment of diseases and injuries. The term includes, but is not limited to, hospitals, clinics, alcohol and drug abuse treatment centers, public health or treatment centers, research and health centers, geriatric centers, laboratories, medical schools, dental schools, nursing schools and similar institutions. The term does not include institutions primarily engaged in domiciliary care although a separate medical facility within such a domiciliary institution may qualify as a “medical institution”.

**MUSEUM** – A public or private nonprofit institution which is organized on a permanent basis essentially for educational or aesthetic purposes and which, using professional staff, owns or uses tangible objects, whether animate or inanimate; cares for these objects; and exhibits them to the public on a regular basis either free or at a nominal charge. As used in the Donation Program, the term “museum” includes, but is not limited to, the following institutions if they satisfy all other provisions of FPMR 101-44.207; aquariums and zoological park; botanical gardens and arboretums; museums relating to art history, natural history, science and technology and planetarium. For the purposes of this program, an institution uses a professional staff if it employs full time at least one qualified staff member who devotes his or her time primarily to the acquisition, care or public exhibition, of objects owned or used by the institution. This definition of museum does not include any institution which exhibits objects to the public if the display or use of the object is only incidental to the primary function of the institution. For example, an institution which is engaged in the sale of antiques, objects d’art or other artifacts and which incidentally provides displays to the public of animate or inanimate objects, either free or at a nominal charge, does not qualify as a museum.

**NONPROFIT TAX-EXEMPT ACTIVITY** – An institution or organization, no part of the net earnings of which inures or may lawfully inure to the benefit of any private shareholder or individual, and which has been held to be tax-exempt under the provisions of section 501 of the Internal Revenue Code of 1954.

**PROVIDER OF ASSISTANCE TO HOMELESS INDIVIDUALS** – A public or nonprofit, tax-exempt institution or organization that operates as a program which provides assistance such as food, shelter or other services to homeless individuals, as defined above. ## DEFINITIONS

**APPROVED** – Recognition and approval by the State Department of Education, State Department of Health, or other appropriate authority where no recognized accrediting board, association, or other authority exists for the purpose of making an accreditation. For an educational institutional or an educational program, approval must relate to academic or instructional standards established by the appropriate authority. An educational institution or program may be considered approved if instruction and credits therefore are accepted by three accredited or State-approved institutions, or it meets the academic or instructional standards prescribed for public schools in the State; i.e., the organizational entity or program is devoted primarily to approved academic, vocational (including technical or occupational), or professional study and instruction, which operates primarily for educational purposes on a full-time basis for a minimum school year as prescribed by the State and employs a full-time staff of qualified instructors. For a public health institution or program, approval must relate to the medical requirements and standards for the professional and technical services of the institution established by the appropriate authority. A health institution or program may be considered as approved when a State body having authority under law to establish standards and requirements for public health institutions renders approval thereto whether by accreditation procedures or by licensing or such other method prescribed by State law. In the absence of an official State approving authority for public health institution or program or educational institution or program, the awarding of research grants to the institution or organization by a recognized authority such as the National Institute of Health, the National Institute of Education, or by similar national council or organization may constitute approval of the institution or program provided all other criteria are met.

**CHILD CARE CENTER** – A public or nonprofit facility where educational, social, health, and nutritional services are provided to children through age 14 or as prescribed by State law, and which is approved or licensed by the State or other appropriate authority as a child day care center or child care center.

For public agency use may not act as a conduit for the transfer of property.

**EDUCATIONAL INSTITUTION** – An approved, accredited or licensed public or nonprofit institution, facility, entity or organization conducting educational program including research for any such program, such as child care center, school, college, university, school for the mentally retarded, school for the physically handicapped or an educational radio or television station.
