

## **501 – Phase B Authorization**

**501.1 Approval:** The Phase “A” (schematic design) documents including the Phase “A” cost estimate must be accepted, approved, and signed by Using Agency and approved by the Division of Engineering and Contract Administration. The Architect-Engineer will be notified in writing of these approvals by the Project Manager.

**501.2 Authorization to Commence with Phase B:** The Architect-Engineer will be sent a letter from the Division of Engineering and Contract Administration after approval of Phase “A” documents. No work shall be performed by any Architect-Engineer without this written authorization.
