

## **601 – Phase C Authorization**

**601.1 Approval:** Phase “B” (design development) documents, including the Phase “B” cost estimate, must be accepted, approved, and signed by Using Agency and approved by the Division of Engineering and Contract Administration. The Architect-Engineer will be notified in writing of these approvals by the Division of Engineering and Contract Administration.

**601.2 Authorization to Commence with Phase C:** The Division of Engineering and Contract Administration will issue a letter to the Architect-Engineer after approval of Phase “B” documents. No work shall be performed by any Architect-Engineer without this written authorization.
