

## DAVID HANNA

### Behavioral Health Program Manager- Executive Director SKY Program

---

#### PROFESSIONAL SUMMARY

Mr. Hanna has a Ph. D, in Clinical Psychology with over 35 years of experience specializing in child psychology. He has been a child mental health advocate and has worked throughout his career to develop treatment services for mental health and substance abuse. He actively serves on boards and councils throughout the state of Kentucky.

#### PROFESSIONAL EXPERIENCE

##### PASSPORT HEALTH PLAN

###### Executive Director- SKY Program, Anticipated Start Date 10/2020

###### Behavioral Health Program Manager, 2015 – Current

Louisville, KY

- Work closely with the VP, Health Integration to identify needs of current and potential future members served.
- Identify gaps in the service continuum and opportunities for enhancement of existing services or implementation of evidence-based interventions to improve health.
- Benchmark against relevant competitive and marketplace requirements including HEDIS and quality outcomes.
- Propose possible interventions for review with the VP, Health Integration and Medical Affairs team.
- Once interventions have been narrowed, develop a business and clinical case for implementation that can be refined as additional information is gathered specific to our Members and relevant provider partners.
- Prepare a formal proposal for review articulating specific interventions, identification of needed internal and external resources to support implementation, timeline, proposed outcome measures to determine effectiveness, and anticipated results and impact for members and providers.
- Determine in advance how success will be defined and measured in conjunction with the VP, Health Integration and internal partners.
- Ensure and measure fidelity to previously demonstrated evidence based programs or emerging practices if replicated through interventions.
- Assess member and provider experiences with new programs.

##### BLUEGRASS.ORG

###### Vice President/Chief Clinical Officer & Interim CEO, 2010-2014

Lexington, KY

- Reporting to the Board of Directors, responsible for the administration of \$150 million behavioral health organization with 1,800 staff providing out-patient, hospital, and residential mental health, substance abuse, and IDD services. Negotiated managed care and other contracts, recruited and hired executive staff. Guided Board through response to the Kentucky Public Auditor's report addressing Bluegrass governance, human resource policies, and financial and operational practices. Addressed significant financial imbalance in

operations through program re-design, improved organizational efficiencies, and staffing reductions.

- Provided oversight for all service programs including adult and child mental health and substance abuse. Managed government and stakeholder relationships. Spearheaded a collaboration with The Ridge Behavioral Health System to develop a full continuum of adolescent substance abuse services throughout the Bluegrass region and acquired \$1.3 million in funding from Kentucky Kids Recovery for implementation. Provided assistance to the new CEO during transition.
- Responsible for oversight and supervision of mental health and substance abuse programs including community mental health center services and Eastern State Hospital, a 200 bed state psychiatric hospital serving central and eastern Kentucky. As part of the senior management team guided transformation of services during the implementation of Medicaid managed care, identified and initiated evidence-based practices, and established an outcomes monitoring system for out-patient services. Primary internal consultant for clinical management of legal and ethical issues.

**Director, Children’s Review Program, 2008 - 2010**

Lexington, KY

- Responsible for the management of the statewide Children’s Review Program, a contracted program for children in the custody of the Department for Community Based Services, the state’s child protection agency. The program provides direct assistance in locating placements for children, especially those with significant behavioral issues, monitoring of the quality of services provided, and establishing levels of care for payment purposes. In addition, provided direct consultation to DCBS on a wide range of clinical and programmatic issues directly related to meeting Kentucky’s CFSR goals. Initiated program to reduce number of children in out of state care which resulted in a 50% reduction in out-of-state placements. Served as chair of the Bluegrass IRB.Sr. Manager, Finance Internal Controls, 2003-2007
