REPORT OF INDEPENDENT AUDITORS

To the Board of Directors
Turnpike Authority of Kentucky
Frankfort, Kentucky

We have audited the accompanying Statement of Assets, Liabilities and Net Assets – Trust Indenture Basis and Statements of Revenues, Expenses and Changes in Net Assets - Trust Indenture Basis of the Economic Development Revitalization Road Projects of the Turnpike Authority of Kentucky (the Authority), as of and for the year ended June 30, 2013, as listed in the table of contents, and the related notes.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these special-purpose financial statements in accordance with the accounting principles specified in Section 709 of the Trust and Indenture dated October 1, 1990, as amended, between the Turnpike Authority of Kentucky and Citizens Fidelity Bank and Trust Company; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the special-purpose financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express an opinion on the special-purpose financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the special-purpose financial statements. The procedures selected depend on the auditor's judgment, including assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the special-purpose financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the special-purpose financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying special-purpose financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets – trust indenture basis of the Economic Development Revitalization Road Projects of the Turnpike Authority of Kentucky, as of June 30, 2013, and the revenues, expenses, and changes in net assets – trust indenture basis, for the year then ended in conformity with the basis of accounting described in Note 1.

Emphasis of Matter

We draw attention to Note 1 of the special-purpose financial statements, which describes that the accompanying special-purpose financial statements were prepared in conformity with the accounting principles specified in Section 709 of the Trust Indenture, as amended, between the Turnpike Authority of Kentucky and Citizens Fidelity Bank and Trust Company, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Trust Indenture referred to above, and are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Report on Supplementary Information

Our audit was conducted for the purpose of forming opinions on the Authority's special-purpose financial statements. The accompanying bond fund – combining schedule of accounts and construction fund – schedule of project costs (collectively, “the schedules”) are presented for purposes of additional analysis and are not a required part of the special-purpose financial statements as a whole.

The accompanying schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the special-purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the special-purpose financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the special-purpose financial statements or to the special-purpose financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying schedules are fairly stated in all material respects in relation to the special-purpose financial

statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards* we have also issued our report dated October 4, 2013 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

ECONOMIC DEVELOPMENT REVITALIZATION ROAD PROJECTS OF THE TURNPIKE AUTHORITY OF KENTUCKY

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS
JUNE 30, 2013

1. Summary of Significant Accounting Policies

Basis of Presentation

As provided by authorizing legislation, the Turnpike Authority of Kentucky (the Authority) has issued bonds to construct various economic development roads to preserve and enhance the economic viability of the Commonwealth of Kentucky (the Commonwealth). To set forth obligations and agreements of the Authority with regard to these bonds, the Authority adopted the 1990 Trust Indenture Agreement, dated as of October 1, 1990, as supplemented by the First Supplemental Trust Indenture, dated as of November 15, 2000, as amended by the First Supplemental Agreement, dated October 1, 1992; the Second Supplemental Agreement, dated as of April 1, 1993; the Third Supplemental Agreement, dated as of April 1, 1995; the Fourth Supplemental Agreement, dated as of April 1, 1999; the Fifth Supplemental Agreement, dated as of February 1, 2001; the Sixth Supplemental Agreement, dated as of March 1, 2001; the Seventh Supplemental Agreement, dated as of May 1, 2004; the Eighth Supplemental Agreement, dated as of April 1, 2005; the Ninth Supplemental Agreement, dated as of March 1, 2006; the Tenth Supplemental Agreement, dated as of September 1, 2007; the Eleventh Supplemental Agreement, dated as of June 1, 2010; the Twelfth Supplemental Agreement, dated as of April 1, 2011; and the Thirteenth Supplemental Agreement dated as of March 1, 2012.

Among other requirements, the Trust Indenture and the Supplemental Agreements set forth various accounting principles to be followed by the Authority. These principles differ in certain respects from accounting principles generally accepted in the United States of America, principally in that the Authority does not capitalize purchases of furniture, fixtures and office equipment in its financial statements, and that interest income during construction is treated as a reduction in construction costs. The Authority's special-purpose financial statements are reported in a format which differs from accounting principles generally accepted in the United States of America. Therefore, the accompanying financial statements, which are prepared in accordance with the aforementioned accounting principles are not intended to, and do not, present financial position or results of operations in conformity with accounting principles generally accepted in the United States of America.

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS
JUNE 30, 2013

Deposits and Investments

The Authority's cash and cash equivalents include all demand deposits and all highly liquid investments with a maturity of three months or less from the date of acquisition.

All investments of the Authority are accounted for at fair value based on quoted market prices.

Debt Issuance Costs

Debt issuance costs and discounts on bonds payable are being amortized over the life of the issue using the "interest" method.

Supplemental Lease Income

The Trust Indenture Agreement provides for the Authority, at six month intervals, to request sufficient additional funds from the Transportation Cabinet to pay administrative expenses for the succeeding six months. This supplemental lease income is recorded as income in the period for which it is to be expended.

Other Revenue Sources

The Authority occasionally receives income from the sale of excess or surplus property acquired for construction of roads. Also, the Authority receives excess earnings from funds previously escrowed for bond defeasance. These revenues from other sources are recognized when received.

Cash and Short-Term Investments

The carrying amount approximates fair value because of the short maturity of those items.

Long-Term Investments

The fair value of the Authority's long-term investments is based on the quoted market prices as of June 30, 2013.

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS
JUNE 30, 2013

Cost of Projects

The cost of projects balance represents the Authority's cumulative design, right-of-way, utilities and construction expenditures for road projects.

Use of Estimates

Management uses estimates and assumptions that affect the reported amounts in the special-purpose financial statements and accompanying notes. Actual results could differ from those estimates.

ECONOMIC DEVELOPMENT REVITALIZATION ROAD PROJECTS OF THE TURNPIKE AUTHORITY OF KENTUCKY

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

Build America Bonds

The America Recovery and Reinvestment Act of 2009 (ARRA) authorizes the Authority to issue taxable bonds known as “Build America Bonds” to finance capital expenditures for which it could issue tax-exempt bonds and to elect to receive a subsidy payment from the federal government equal to the amount of 35% of each interest payment on such taxable bonds. The Authority has determined to issue all of the 2010 Series B Bonds as Build America Bonds. The subsidy payments will be paid to the Authority or to the Trustee on the Authority’s behalf; holders of the 2010 Series B Bonds will not be entitled to a tax credit and interest paid on the 2010 Series B Bonds will be includable in gross income of the holder for purposes of federal income taxation but will be exempt from Kentucky income tax. The subsidy payments have not been pledged to the payment of the 2010 Series B Bonds. To the extent the federal government pays such subsidy payments to the Authority, such amounts would be part of the Authority’s general revenues. The subsidy payments are not full faith and credit obligations of the United States.

Economic Development Road Revenue and Revenue Refunding 2011 Series A (Revitalization Projects), (the “Series A Bonds”) were issued by The Turnpike Authority of Kentucky pursuant to a 2011 Resolution adopted on March 16, 2011 to provide for the financing of certain Economic Development Road Projects, to refund certain series of outstanding Economic Development Road Revenue Bonds, to pay certain costs of issuance of the Series A Bonds and to pay for certain capitalized interest.

Economic Development Road Revenue 2012 Series A (Revitalization Projects), (the “Series A Bonds”) were issued by The Turnpike Authority of Kentucky pursuant to a 2012 Resolution adopted on February 15, 2012 to provide for the financing of certain Economic Development Road Projects and to pay certain costs of issuance of the Series A Bonds.

The Authority

The Authority constitutes a de jure municipal corporation and political subdivision of the Commonwealth of Kentucky. The Authority is a blended component unit of the Commonwealth of Kentucky. It is authorized and empowered, under the terms of written agreements with the Cabinet, to initiate, plan, implement, acquire, construct and finance toll road projects, resource recovery road projects and economic development road projects, to lease such projects to the Cabinet, to issue revenue bonds to finance such projects and to refund such revenue bonds.

These financial statements include only the activities of the Economic Development Road Projects bond issues and are not intended to present the activities of the Turnpike Authority of the Commonwealth of Kentucky, as a whole.

ECONOMIC DEVELOPMENT REVITALIZATION ROAD PROJECTS OF THE TURNPIKE AUTHORITY OF KENTUCKY

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS JUNE 30, 2013

2010; the Twelfth Supplemental Lease, dated as of April 1, 2011; and the Thirteenth Supplemental Lease, dated as of March 1, 2012, and (iii) during such times as the lease shall not be in effect, the Transportation Cabinet must collect from the Commonwealth and pay over to the Authority motor fuel taxes and surtaxes collected by the Commonwealth on gasoline and other motor fuels consumed on the Economic Development Revitalization Road Projects not directed by law or previous binding contract to be applied to uses other than payment of the principal of and interest on the Bonds.

The Authority does not expect that it will have a source of revenues sufficient to pay Bonds if required rentals are not received under the lease. There is no indication that the required rentals will not be received.

The Authority does not have any taxing power. The Bonds do not constitute a debt of the Commonwealth, and neither the faith and credit nor the taxing authority of the Commonwealth is pledged to the payment of the principal or interest on the Bonds.

Trust Indenture

In connection with the issuance of the Bonds, the Authority entered into the Indenture with PNC Bank of Kentucky, Louisville, Kentucky (the "Trustee") (formerly Citizens Fidelity Bank and Trust).

The Indenture, dated as of October 1, 1990, as supplemented by a First Supplemental Trust Indenture dated as of November 15, 2000 (and subsequent amendments shown in Note 1) between the Authority and The Bank of New York Mellon Trust Company, N.A. (formerly Chase Manhattan Trust Company N. A.), Louisville, Kentucky, as trustee, contain provisions establishing funds and accounts for segregation of assets and restricting the use of the proceeds of Bonds as well as other funds received. Cash and marketable securities of the various funds and accounts are restricted for the following purposes:

Construction Fund - construction costs are to include costs of preliminary studies, land acquisition (less consideration received for land sold), engineering, legal, administrative and maintenance expenses during construction (less interest earned on unexpended construction funds). Construction costs are not amortized.

The Construction Fund records debt incurred to finance not only the construction of roads as provided in the indenture, but has also borrowed funds to defease and partially defease bonds issued under this indenture and other indentures. When funds are borrowed to defease or partially

ECONOMIC DEVELOPMENT REVITALIZATION ROAD PROJECTS OF THE TURNPIKE AUTHORITY OF KENTUCKY

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS JUNE 30, 2013

defeasance bonds issued under other indentures, this causes an outflow of funds and can result in a negative fund balance.

The Construction Fund has also incurred debt to finance the construction and improvement of roads owned by various local governments in the Commonwealth of Kentucky. When these funds are expended, this outflow of funds can result in a negative fund balance;

Revenue Fund - a depository for collections of monies received under lease agreements with the Cabinet. Transfers are made from this fund according to funding requirements of the Indenture. The Revenue Fund also has an operating account for payment of administrative costs;

Debt Service Reserve Fund - assets held as a reserve for payment of Bond principal and interest if monies in the Bond Service Account are insufficient to make required payments;

Escrow Fund - this Fund was established October 1, 1992 as a depository for certain payments required under the First Supplemental Lease dated October 1, 1992 which will be used to purchase certain United States Government obligations in the amounts and on the dates as set forth in the Escrow Agreement dated October 1, 1992;

Bond Fund - this Fund is comprised of the following four accounts:

Capitalized Interest Account - payment of Bond interest as may be provided in a Series Resolution;

Bond Service Account - payment of Bond principal and interest;

Redemption Account - retirement of bonds, and;

Rebate Account - this Account was established October 1, 1990 as a depository for amounts required to be paid to the United States of America pursuant to Section 148(F) of the Internal Revenue Code as determined by the Authority's rebate consultant.

ECONOMIC DEVELOPMENT REVITALIZATION ROAD PROJECTS OF THE TURNPIKE AUTHORITY OF KENTUCKY

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS JUNE 30, 2013

The State Investment Commission (“The Commission”) is charged with the oversight of the Commonwealth’s investment programs pursuant to KRS 42.500.

The Commission delegates the day-to-day management of the Commonwealth’s investments to the Office of Financial Management (“OFM”). The purpose of the investment pools is to provide: economies of scale that enhance yield, ease of administration for both the user agencies and OFM and increased accountability and control. All investments shall be permitted investments as defined in KRS 42.500 and as further limited by 200 KAR Chapter 14. Funds residing in the pools are available to be spent at any time. The Commonwealth has a custodial agreement with State Street Bank, which clears all security transactions and holds its securities. The Commonwealth also has tri-party custodial accounts with Bank of New York and J. P. Morgan Chase to facilitate the execution of repurchase agreements. The information concerning these investment pools has been obtained from OFM. The Authority had no collateral or insurance as security for the balances with the State Investment Commission at June 30, 2013, but they own a proportionate interest in the securities held in the respective pools.

4. Cash, Cash Equivalents, and Investments

	<u>Fair Value</u>	<u>Less than One Year</u>	<u>1 - 5 Years</u>
State pool investments	\$ 95,540,782	\$ -0-	95,540,782

Interest Rate Risk

The State Investment Pools are managed within statute, administrative regulation and under review of the State Investment Commission. As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority’s investment policy requires, at a minimum, an annual review of the investment maturities.

Credit Risk

The Economic Development Revitalization Road Projects indenture limits investments to U. S. Government backed securities, any corporation of the U. S. Government, Certificates of Deposit and Bankers Acceptances issued by highly rated banks, commercial paper in the highest rating category, securities issued by a state or local government rated in one of the three highest categories by a nationally-recognized rating agency, and any other investment permitted by KRS 42.500. The Authority did not have any investments at June 30, 2013 that were subject to credit risk.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments, or collateral securities that are in the possession of an outside party. At June 30, 2013, all of the Economic Development Revitalization Road Project's cash, cash equivalents, and investments are insured, collateralized, or held by the Authority's counterparty in the Authority's name.

**REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Turnpike Authority of Kentucky
Frankfort, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the special-purpose financial statements of the Economic Development Revitalization Road Projects of the Turnpike Authority of Kentucky (the Authority), as of and for the year ended June 30, 2013, and the related notes to the special-purpose financial statements, and have issued our report thereon dated as of the date of this letter. The special-purpose financial statements present only the Economic Development Revitalization Road Projects Fund and do not purport to, and do not, present fairly the financial position of the Turnpike Authority of Kentucky, as of June 30, 2013, and the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the special-purpose financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the special-purpose financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's special-purpose financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weakness or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's special-purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the special-purpose financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
