<b>2300000002</b>	<b>Public Safety Communications Products (Motorola)</b>	

The Commonwealth of Kentucky shall not be bound by any part(s) of the bidder's response to this master agreement that contains information, options, conditions, terms, or prices neither requested nor required. In the event of any conflicts between the specifications, terms and conditions indicated by the Commonwealth and those indicated by the contractor, those of the Commonwealth take precedence. The contract supersedes all bids or other prior agreements, oral or written, and all other communications between the parties relating to this subject.

**5.3 Post Contract Agreements:**

The resulting contract shall constitute the entire agreement between the State and the contractor. Unless contractually provided, State agencies utilizing this contract will not be required to enter into nor sign further agreements, leases, company orders or other documents to complete or initiate the terms of a contract. Any such documents so obtained will be non-binding on the State and agents of the State and will be cause for breach of contract.

**5.4 Quantity Basis of Contract – Estimated Quantities:**

The State is obligated to buy only that quantity needed by its agencies during the term of the contract. Requirements may exceed the quantities shown and the contractor will be required to furnish all requirements shown on Delivery Orders dated during the life of the contract.

The contractor will be solely and entirely responsible for its acts and the acts of its agents, employees, servants and subcontractors during the performance of this contract.

Major deviations of services performed will not be made without the written approval of the Office of Procurement Services. Problems that arise under any aspect of performance should first be resolved between the vendor and the agency. Either party should refer in writing any such problems and/or disagreements that cannot be resolved to the Office of Procurement Services for settlement.

5.10 Agreement between Parties:

The vendor agrees that a resulting contract is the complete and exclusive statement of the agreement between the parties, which supersedes all prior agreements, oral or written, and all other communications between the parties relating to the subject matter of this solicitation. It is further agreed between the parties, that any valid modification of contractual agreement must be formalized by issuance of a Contract Modification from the Office of Procurement Services.

Purchase or Sales Agreements, supplied by the bidder making an offer, in reply to the master agreement, will not be accepted. The only terms and conditions acceptable to the Commonwealth of Kentucky are as outlined.

### **Equipment Purchase and Software License Addendum**

This Equipment Purchase and Software License Addendum (this “EPSLA”) is entered into between Motorola Solutions, Inc., with offices at 500 W. Monroe Street, Suite 4400, Chicago, IL 60661 (“Motorola”) and the entity set forth in the signature block below or in the MCA (“Customer”), and will be subject to, and governed by, the terms of the Master Customer Agreement entered into between the Parties, effective as of [\_\_\_\_\_] (the “MCA”). Capitalized terms used in this EPSLA, but not defined herein, will have the meanings set forth in the MCA.

1. **Addendum.** This EPSLA governs Customer’s purchase of Equipment and license of Licensed Software (and, if set forth in an Ordering Document, related Services) from Motorola, and will form part of the Parties’ Agreement.

2. **Delivery of Equipment and Licensed Software.**

2.1. **Delivery and Risk of Loss.** Motorola will provide to Customer the Products (and, if applicable, related Services) set forth in an Ordering Document, in accordance with the terms of the Agreement. Motorola will, using commercially reasonable practices, pack the ordered Equipment and ship such Equipment to the Customer address set forth in the applicable Ordering Document or otherwise provided by Customer in writing, using a carrier selected by Motorola. Notwithstanding the foregoing, delivery of Equipment (and any incorporated Licensed Software) will occur, and title and risk of loss for the Equipment will pass to Customer, upon shipment by Motorola in accordance with Ex Works, Motorola’s premises (Incoterms 2020). Customer will pay all shipping costs, taxes, and other charges applicable to the shipment and import or export of the Products and Services, as applicable, and Customer will be responsible for reporting the Products for personal property tax purposes. Delivery of Licensed Software for installation on Equipment or Customer-Provided Equipment will occur upon the earlier of (a) electronic delivery of the Licensed Software by Motorola, and (b) the date Motorola otherwise makes the Licensed Software available for download by Customer. If agreed upon in an Ordering Document, Motorola will also provide Services related to such Products.

2.2. **Delays.** Any shipping dates set forth in an Ordering Document are approximate, and while Motorola will make reasonable efforts to ship Products by any such estimated shipping date, Motorola will not be liable for any delay or related damages to Customer. Time for delivery will not be of the essence, and delays will not constitute grounds for cancellation, penalties, termination, or a refund.

2.3. **Beta Services.** If Motorola makes any beta version of a software application (“Beta Service”) available to Customer, Customer may choose to use such Beta Service at its own discretion, provided, however, that Customer will use the Beta Service solely for purposes of Customer’s evaluation of such Beta Service, and for no other purpose. Customer acknowledges and agrees that all Beta Services are offered “as-is” and without any representations or warranties or other commitments or protections from Motorola. Motorola will determine the duration of the evaluation period for any Beta Service, in its sole discretion, and Motorola may discontinue any Beta Service at any time. Customer acknowledges that Beta Services, by their nature, have not been fully tested and may contain defects or deficiencies.

### 3. Licensed Software License and Restrictions.

3.1. **Licensed Software License.** Subject to Customer's and its Authorized Users' compliance with the Agreement (including payment terms), Motorola hereby grants Customer and its Authorized Users a limited, non-transferable, non-sublicenseable, and non-exclusive license to use the Licensed Software identified in an Ordering Document, in object code form only, and the associated Documentation, solely in connection with the Equipment provided by Motorola or authorized Customer-Provided Equipment (as applicable, the "Designated Products") and solely for Customer's internal business purposes. Unless otherwise stated in an Addendum or the Ordering Document, the foregoing license grant will be limited to the number of licenses set forth in the applicable Ordering Document and will continue for the life of the applicable Designated Product. Except as otherwise permitted in an applicable Addendum or Ordering Document, Customer may install, access, and use Licensed Software only in Customer's owned or controlled facilities, including any authorized mobile sites; provided, however, that Authorized Users using authorized mobile or handheld devices may also log into and access the Licensed Software remotely from any location.

3.2. **Subscription License Model.** If the Parties mutually agree that any Licensed Software purchased under this EPSLA will be replaced with or upgraded to Subscription Software, then upon such time which the Parties execute the applicable Ordering Document, the licenses granted under this EPSLA will automatically terminate, and such Subscription Software will be governed by the terms of the applicable Addendum under this Agreement.

3.3. **End User Licenses.** Notwithstanding any provision to the contrary in the Agreement, certain Licensed Software is governed by a separate license, EULA, or other agreement, including terms governing third-party equipment or software, such as open source software, included in the Products and Services. Customer will comply, and ensure its Authorized Users comply, with any such additional terms applicable to third-party equipment or software.

3.4. **Customer Restrictions.** Customers and Authorized Users will comply with the applicable Documentation in connection with their use of the Products. Customer will not and will not allow others, including the Authorized Users, to: (a) make the Licensed Software available for use by unauthorized third parties, including via a commercial rental or sharing arrangement; (b) reverse engineer, disassemble, or reprogram the Licensed Software or any portion thereof to a human-readable form; (c) modify, create derivative works of, or merge the Licensed Software with other software or equipment; (d) copy, reproduce, distribute, lend, lease, or transfer the Licensed Software or Documentation for or to any third party without the prior express written permission of Motorola; (e) take any action that would cause the Licensed Software or Documentation to be placed in the public domain; (f) use the Licensed Software to compete with Motorola; or (g) remove, alter, or obscure, any copyright or other notice.

3.5. **Copies.** Customer may make one (1) copy of the Licensed Software solely for archival, back-up, or disaster recovery purposes during the term of the applicable Licensed Software license. Customer may make as many copies of the Documentation reasonably required for the internal use of the Licensed Software during such Licensed Software's license term. Unless otherwise authorized by Motorola in writing, Customer will not, and will not

	<b>Document Description</b>	<b>Page 15</b>
2300000002	<b>Public Safety Communications Products (Motorola)</b>	

enable or allow any third party to: (a) install a licensed copy of the Licensed Software on more than one (1) unit of a Designated Product; or (b) copy onto or transfer Licensed Software installed in a unit of a Designated Product onto another device. Customer may temporarily transfer Licensed Software installed on a Designated Product to another device if the Designated Product is inoperable or malfunctioning, if Customer provides written notice to Motorola of the temporary transfer and identifies the device on which the Licensed is transferred. Temporary transfer of the Licensed Software to another device must be discontinued when the original Designated Product is returned to operation and the Licensed Software must be removed from the other device. Customer must provide prompt written notice to Motorola at the time temporary transfer is discontinued.

3.6. **Resale of Equipment.** Equipment contains embedded Licensed Software. If Customer desires to sell its used Equipment to a third party, Customer must first receive prior written authorization from Motorola and obtain written acceptance of the applicable Licensed Software license terms, including the obligation to pay relevant license fees, from such third party.

#### 4. Term.

4.1. **Term.** The term of this EPSLA (the “EPSLA Term”) will commence upon either (a) the Effective Date of the MCA, if this EPSLA is attached to the MCA as of such Effective Date, or (b) the EPSLA Date set forth on the signature page below, if this EPSLA is executed after the MCA Effective Date, and will continue until the later of (i) three (3) years after the first order for Products is placed via an Ordering Document, or (ii) the expiration of all applicable warranty periods (as set forth in Section 6.1 – Motorola Warranties below) under this EPSLA, unless this EPSLA or the Agreement is earlier terminated in accordance with the terms of the Agreement.

4.2. **Termination.** Notwithstanding the termination provisions of the MCA, Motorola may terminate this EPSLA (and any Ordering Documents hereunder) immediately upon notice to Customer if Customer breaches Section 3 – Licensed Software License and Restrictions of this EPSLA, or any other provision related to Licensed Software license scope or restrictions set forth in an Ordering Document, EULA, or other applicable Addendum. For clarity, upon termination or expiration of the EPSLA Term, all Motorola obligations under this EPSLA (including with respect to Equipment and Licensed Software delivered hereunder) will terminate. If Customer desires to purchase additional Services in connection with such Equipment or Licensed Software, Customer may enter into a separate Addendum with Motorola, governing such Services. Customer acknowledges that Motorola made a considerable investment of resources in the development, marketing, and distribution of the Licensed Software and Documentation, and that Customer’s breach of the Agreement will result in irreparable harm to Motorola for which monetary damages would be inadequate. If Licensee breaches this Agreement, in addition to termination, Motorola will be entitled to all available remedies at law or in equity, including immediate injunctive relief and repossession of all non-embedded Licensed Software and associated Documentation.

4.3. **Equipment as a Service.** In the event that Customer purchases any Equipment at a price below the MSRP for such Equipment in connection Customer entering into a fixed- or minimum required-term agreement for Subscription Software, and Customer or

	<b>Document Description</b>	<b>Page 16</b>

Motorola terminates the Agreement, this EPSLA, or other applicable Addendum (such as the Addendum governing the purchase of such Subscription Software) prior to the expiration of such fixed- or minimum required-term, then Motorola will have the right to invoice Customer for, and Customer will pay, the amount of the discount to the MSRP for the Equipment or such other amount set forth in the applicable Addendum or Ordering Document. This Section will not limit any other remedies Motorola may have with respect to an early termination.

5. **Payment.** Customer will pay invoices for the Products and Services provided under this EPSLA in accordance with the invoice payment terms set forth in the MCA. Generally, invoices are issued after shipment of Equipment or upon Motorola’s delivery of Licensed Software (in accordance with Section 2.1 – Delivery and Risk of Loss), as applicable, but if a specific invoicing or payment schedule is set forth in the applicable Ordering Document, EULA or other Addendum, such schedule will control with respect to the applicable Products and Services referenced therein. Motorola will have the right to suspend future deliveries of Products and Services if Customer fails to make any payments when due.

6. **Representations and Warranties; Liability.**

6.1. **Motorola Warranties.** Subject to the disclaimers and exclusions set forth in the MCA and this EPSLA, (a) for a period of one (1) year commencing upon the delivery of Motorola-manufactured Equipment under Section 2.1 – Delivery and Risk of Loss, Motorola represents and warrants that such Motorola-manufactured Equipment, under normal use, will be free from material defects in materials and workmanship; (b) to the extent permitted by the providers of third-party software or hardware included in the Products and Services, Motorola will pass through to Customer any warranties provided by such third parties, which warranties will apply for the period defined by the applicable third party; and (c) for a period of ninety (90) days commencing upon the delivery of Motorola-owned Licensed Software under Section 2.1 – Delivery and Risk of Loss, Motorola represents and warrants that such Licensed Software, when used in accordance with the Documentation and the Agreement, will be free from reproducible defects that prevent operation of features critical to the primary functionality or successful operation of the Motorola-developed Licensed Software (as determined by Motorola). The warranty set forth in subsection (c) will be referred to as the “Motorola Licensed Software Warranty”. As Customer’s sole and exclusive remedy for any breach of the Motorola Licensed Software Warranty, Motorola will use commercially reasonable efforts to remedy the material defect in the applicable Licensed Software; provided, however, that if Motorola does not remedy such material defect within a reasonable time, then at Motorola’s sole option, Motorola will either replace the defective Licensed Software with functionally-equivalent software, provide substitute software to Customer, or terminate the applicable software license and refund any paid license fees to Customer on a pro-rata basis. For clarity, the Motorola Licensed Software Warranty applies only to the most current version of the Licensed Software issued by Motorola, and issuance of updated versions of any Licensed Software does not result in a renewal or extension of the Motorola Licensed Software Warranty beyond the ninety (90) day warranty period.

6.2. **ADDITIONAL EXCLUSIONS. IN ADDITION TO THE EXCLUSIONS FROM DAMAGES SET FORTH IN THE MCA, AND NOTWITHSTANDING ANY PROVISION OF THE AGREEMENT TO THE CONTRARY, MOTOROLA WILL HAVE NO LIABILITY FOR (A) DEFECTS IN**

	<b>Document Description</b>	<b>Page 17</b>

OR DAMAGE TO PRODUCTS RESULTING FROM USE OTHER THAN IN THE NORMAL AUTHORIZED MANNER, OR FROM ACCIDENT, LIQUIDS, OR NEGLIGENCE; (B) TESTING, MAINTENANCE, REPAIR, INSTALLATION, OR MODIFICATION BY PARTIES OTHER THAN MOTOROLA; (C) CUSTOMER'S OR ANY AUTHORIZED USER'S FAILURE TO COMPLY WITH INDUSTRY AND OSHA OR OTHER LEGAL STANDARDS; (D) DAMAGE TO RADIO ANTENNAS, UNLESS CAUSED BY DEFECTS IN MATERIAL OR WORKMANSHIP; (E) EQUIPMENT WITH NO SERIAL NUMBER; (F) BATTERIES OR CONSUMABLES; (G) FREIGHT COSTS FOR SHIPMENT TO REPAIR DEPOTS; (H) COSMETIC DAMAGE THAT DOES NOT AFFECT OPERATION; (I) NORMAL WEAR AND TEAR; (J) ISSUES OR OBSOLESCENCE OF LICENSED SOFTWARE DUE TO CHANGES IN CUSTOMER OR AUTHORIZED USER REQUIREMENTS, EQUIPMENT, OR SYSTEMS; (K) TRACKING AND LOCATION-BASED SERVICES; OR (L) BETA SERVICES.

6.3. **Voluntary Remedies.** Motorola is not obligated to remedy, repair, replace, or refund the purchase price for the disclaimed or excluded issues in the MCA or Section 6.2 – Additional Exclusions above, but if Motorola agrees to provide Services to help resolve such issues, Customer will reimburse Motorola for its reasonable time and expenses, including by paying Motorola any Fees set forth in an Ordering Document for such Services, if applicable.

7. **Copyright Notices.** The existence of a copyright notice on any Licensed Software will not be construed as an admission or presumption of publication of the Licensed Software or public disclosure of any trade secrets associated with the Licensed Software.

8. **Survival.** The following provisions will survive the expiration or termination of this EPSLA for any reason: Section 3 – Licensed Software License and Restrictions; Section 4 – Term; Section 5 – Payment; Section 6.2 – Additional Exclusions; Section 8 – Survival.

**Motorola Solutions Inc. ("Motorola") and the customer named  
in this Agreement ("Customer") hereby agree as follows:**

### **Section 1. APPLICABILITY**

**1.1 This Addendum sets out additional and superseding terms applicable to Customer's purchase of cyber security services, including Remote Security Update Service, Security Update Service, and Managed Detection & Response subscription services, among other subscription services,(ii) professional services, and/or (iii) retainer services (i.e., professional services when expressly purchased as a block of pre-paid hours for use, subject to expiration, within a specified period across certain offered service categories ("Retainer Services") (all collectively herein, "Services").**

### **Section 2. ADDITIONAL DEFINITIONS AND INTERPRETATION**

2.1. "Customer Contact Data" means data Motorola collects from Customer, its Authorized Users, and their end users for business contact purposes, including marketing, advertising, licensing and sales purposes.

2.2 "Customer Data" means Customer data, information, and content, provided by, through, or on behalf of Customer, its Authorized Users, and their end users through the use of the Services. Customer Data does not include Customer Contact Data, Service Use Data, or information from publicly available sources or other Third-Party Data or Motorola Data or anonymized or generalized data. For avoidance of doubt, so long as not specifically identifying the Customer, Customer Data shall not include, and Motorola shall be free to use, share and leverage security threat intelligence and mitigation data generally, including without limitation, third-party threat vectors and IP addresses, file hash information, domain names, malware signatures and information, information obtained from third-party sources, indicators of compromise, and tactics, techniques, and procedures used, learned or developed in the course of providing Services.

2.3 "Feedback" means comments or information, in oral or written form, given to Motorola by Customer or Authorized Users, including their end users, in connection with or relating to the Services. Any Feedback provided by Customer is entirely voluntary. Motorola may use, reproduce, license, and otherwise distribute and exploit the Feedback without any obligation or payment to Customer or Authorized Users. Customer represents and warrants that it has obtained all necessary rights and consents to grant Motorola the foregoing rights.

2.4 "Motorola Data" means data owned or licensed by Motorola.

2.5 "Process" or "Processing" means any operation or set of operations which is performed on personal information or on sets of personal information, whether or not by automated means, such as collection, recording, copying, analyzing, caching, organization, structuring, storage, adaptation, or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction.

2.6 "Service Use Data" means data generated by Customer's use of the Services or by Motorola's support of the Services, including personal information, threat data, security threat intelligence and mitigation data, vulnerability data, threat scenarios, malicious and third-party IP information,

malware, location, monitoring and recording activity, product performance and error information, threat signatures, activity logs and date and time of use.

2.7 “Statement(s) of Work” or “SOW(s)” as used in this Addendum means a statement of work, ordering document, accepted proposal, or other agreed upon engagement document issued under or subject to this Addendum. Mutually agreed upon SOWs may be attached hereto as Exhibit(s) A-1, A-2, A-3, etc., and/or are respectively incorporated by reference, each of which will be governed by the terms and conditions of this Addendum. Statements of Work may set out certain “Deliverables,” which include all written information (such as reports, specifications, designs, plans, drawings, or other technical or business information) that Motorola prepares for Customer in the performance of the Services and is obligated to provide to Customer under a SOW and this Addendum. The Deliverables, if any, are more fully described in the Statements of Work.

2.8 “Third-Party Data” means information obtained by Motorola from publicly available sources or its third-party content providers and made available to Customer through the products or Services.

### **Section 3. LICENSE, DATA AND SERVICE CONDITIONS**

#### **3.1 Delivery of Cyber Services**

3.1.1 All Professional Services will be performed in accordance with the performance schedule included in a Statement of Work (“SOW”). Delivery of hours purchased as Retainer Services is at the onset of the applicable retainer period. Hours purchased as Retainer Services expire and are forfeited if not used within the Retainer period, subject to terms of use, expiration and extension, if any, as set out in the applicable SOW or ordering document. Professional Services described in a SOW will be deemed complete upon Motorola’s performance of such Services or, if applicable, upon exhaustion or expiration of the Retainer Services hours, whichever occurs first.

3.1.2 Subscription Services. Delivery of subscription services will occur upon Customer’s receipt of credentials required for access to the Services or upon Motorola otherwise providing access to the Services platform.

3.1.3 To the extent Customer purchases equipment from Motorola (“Supplied Equipment”), title and risk of loss to the Supplied Equipment will pass to Customer upon installation (if applicable) or shipment by Motorola. Customer will take all necessary actions, reimburse freight or delivery charges, provide or obtain access and other rights needed and take other requested actions necessary for Motorola to efficiently perform its contractual duties. To the extent Supplied Equipment is purchased on an installment basis, any early termination of the installment period will cause the outstanding balance to become immediately due.

3.2 Motorola may use or provide Customer with access to software, tools, enhancements, updates, data, derivative works, and other materials which Motorola has developed or licensed from third parties (collectively, “Motorola Materials”). The Services, Motorola Data, Third-Party Data, and related documentation, are considered Motorola Materials. Notwithstanding the use of such materials in Services or deliverables, the Motorola Materials are the property of Motorola or its licensors, and Motorola or its licensors retain all right, title and interest in and to the Motorola Materials. Motorola grants Customer and Authorized Users a limited, non-transferable, non-sublicensable, and non-exclusive license to use the Services and associated deliverables solely for Customer’s internal business purposes.

3.3 To the extent Customer is permitted to access, use, or integrate Customer or third-party software, services, content, or data that is not provided by Motorola (collectively, “Non-Motorola Content”) with or through the Services, or will use equipment or software not provided by Motorola,

	<b>Document Description</b>	<b>Page 20</b>

which may be required for use of the Services (“Customer-Provided Equipment”), Customer will obtain and continuously maintain all rights and licenses necessary for Motorola to efficiently perform all contemplated Services under this Addendum and will assume responsibility for operation and integration of such content and equipment.

3.4 Ownership of Customer Data. Customer retains all right, title and interest, including intellectual property rights, if any, in and to Customer Data. Motorola acquires no rights to Customer Data except those rights granted under this Addendum including the right to Process and use the Customer Data as set forth in Section 3.5 – Processing Customer Data, below. The Parties agree that with regard to the Processing of personal information which may be part of Customer Data, Customer is the controller and Motorola is the processor, and Motorola may engage sub-processors pursuant to Section 3.5.3 – Sub-processors and Third-Party Providers.

### 3.5 Processing Customer Data.

3.5.1. Motorola Use of Customer Data. To the extent permitted by law, Customer grants Motorola and its subcontractors a right to use Customer Data and a royalty-free, worldwide, non-exclusive license to use Customer Data (including to process, host, cache, store, reproduce, copy, modify, combine, analyze, create derivative works from such Customer Data and to communicate, transmit, and distribute such Customer Data to third parties engaged by Motorola) to (a) perform Services and provide products under the Addendum, (b) analyze the Customer Data to operate, maintain, manage, and improve Motorola products and services, and (c) create new products and services. Customer agrees that this Addendum, along with any related documentation, are Customer’s complete and final documented instructions to Motorola for the processing of Customer Data. Any additional or alternate instructions must be agreed to according to the change order process. Customer represents and warrants to Motorola that Customer’s instructions, including appointment of Motorola as a processor or sub-processor, have been authorized by the relevant controller.

3.5.2 Collection, Creation, Use of Customer Data. Customer further represents and warrants that the Customer Data, Customer’s collection, creation, and use of the Customer Data (including in connection with Motorola’s Services), and Motorola’s use of such Customer Data in accordance with the Addendum, will comply with all laws and will not violate any applicable privacy notices or infringe any third-party rights (including intellectual property and privacy rights). It is Customer’s responsibility to obtain all required consents, provide all necessary notices, and meet any other applicable legal requirements with respect to collection and use (including Motorola’s and third-party provider use) of the Customer Data as described in the Addendum or any applicable third-party agreements or EULAs.

3.5.3 Sub-processors and Third-Party Providers. Motorola may use, engage, resell, or otherwise interface with third-party software, hardware or services providers (such as, for example, third-party end point detection and response providers) and other sub-processors, who in turn may engage additional sub-processors to process personal data and other Customer Data. Customer agrees that such third-party software or services providers, sub-processors or their respective sub-processors may process and use personal and other Customer Data in accordance with and subject to their own respective licenses or terms and in accordance with applicable law. Customer authorizes and will provide and obtain all required notices and consents, if any, and comply with other applicable legal requirements, if any, with respect to such collection and use of personal data and other Customer Data by Motorola, and its subcontractors, sub-processors and/or third-party software, hardware or services providers. Notwithstanding any provision to the contrary, to the extent the use or performance of certain Services is governed by any separate license, data requirement, EULA, privacy statement, or other applicable agreement, including terms governing third-party software, hardware or services, including open source software, Customer will comply, and ensure its Authorized Users comply, with any such agreements or terms, which shall govern any such Services.

	<b>Document Description</b>	<b>Page 21</b>
<b>2300000002</b>	<b>Public Safety Communications Products (Motorola)</b>	

3.5.4 Notwithstanding any provision to the contrary in this Addendum or any related agreement, and in addition to other uses and rights set out herein, Customer understands and agrees that Motorola may obtain, use and/or create and use, anonymized, aggregated and/or generalized Customer Data, such as data relating to actual and potential security threats and vulnerabilities, for its lawful business purposes, including improving its services and sharing and leveraging such information for the benefit of Customer, other customers, and other interested parties.

3.6 Service Use Data. Customer understands and agrees that Motorola may collect and use Service Use Data for its own purposes, including the uses described below. Motorola may use Service Use Data to (a) operate, maintain, manage, improve existing and create new products and services, (b) test products and services, (c) to aggregate Service Use Data and combine it with that of other users, and (d) to use anonymized or aggregated data for marketing, research or other business purposes. Service Use Data may be disclosed to third parties. It is Customer's responsibility to notify Authorized Users of Motorola's collection and use of Service Use Data and to obtain any required consents, provide all necessary notices, and meet any other applicable legal requirements with respect to such collection and use, and Customer represents and warrants to Motorola that it has complied and will continue to comply with this Section.

3.7. Data Retention and Deletion. Except as expressly provided otherwise, Motorola will delete all Customer Data following termination or expiration of this Addendum, with such deletion to occur no later than ninety (90) days following the applicable date of termination or expiration, unless otherwise required to comply with applicable law. Any requests for the exportation or download of Customer Data must be made by Customer to Motorola in writing before expiration or termination of this Addendum. Motorola will have no obligation to retain such Customer Data beyond expiration or termination unless the Customer has purchased extended storage from Motorola through a mutually executed agreement.

3.8. Third-Party Data and Motorola Data. Motorola Data and Third-Party Data may be available to Customer through the Services. Customer will not, and will ensure its Authorized Users will not: (a) use the Motorola Data or Third-Party Data for any purpose other than Customer's internal business purposes; (b) disclose the data to third parties; (c) "white label" such data or otherwise misrepresent its source or ownership, or resell, distribute, sublicense, or commercially exploit the data in any manner; (d) use such data in violation of applicable laws; (e) remove, obscure, alter, or falsify any marks or proprietary rights notices indicating the source, origin, or ownership of the data; or (f) modify such data or combine it with Customer Data or other data or use the data to build databases. Any rights granted to Customer or Authorized Users with respect to Motorola Data or Third-Party Data will immediately terminate upon termination or expiration of this Addendum. Further, Motorola or the applicable Third-Party Data provider may suspend, change, or terminate Customer's or any Authorized User's access to Motorola Data or Third-Party Data if Motorola or such Third-Party Data provider believes Customer's or the Authorized User's use of the data violates the Addendum, applicable law or Motorola's agreement with the applicable Third-Party Data provider. Upon termination of Customer's rights to use any Motorola Data or Third-Party Data, Customer and all Authorized Users will immediately discontinue use of such data, delete all copies of such data, and certify such deletion to Motorola. Notwithstanding any provision of this Addendum and the Primary Agreement to the contrary, Motorola will have no liability for Third-Party Data or Motorola Data available through the Services. Motorola and its Third-Party Data providers reserve all rights in and to Motorola Data and Third-Party Data.

3.9 Customer will ensure its employees and Authorized Users comply with the terms of this Addendum and will be liable for all acts and omissions of its employees and Authorized Users. Customer is responsible for the secure management of Authorized Users' names, passwords and login credentials for access to products and Services. "Authorized Users" are Customer's employees, full-time contractors engaged for the purpose of supporting the products and Services that are not competitors of Motorola or its affiliates, and the entities (if any) specified in a SOW or otherwise approved by Motorola

	<b>Document Description</b>	<b>Page 22</b>

in writing (email from an authorized Motorola signatory accepted), which may include affiliates or other Customer agencies.

3.10 Motorola as a Controller or Joint Controller. In all instances where Motorola acts as a controller of data, it will comply with the applicable provisions of the Motorola Privacy Statement at [https://www.motorolasolutions.com/en\\_us/about/privacy-policy.html#privacystatement](https://www.motorolasolutions.com/en_us/about/privacy-policy.html#privacystatement), as may be updated from time to time. Motorola holds all Customer Contact Data as a controller and shall Process such Customer Contact Data in accordance with the Motorola Privacy Statement. In instances where Motorola is acting as a joint controller with Customer, the Parties will enter into a separate addendum to allocate the respective roles as joint controllers.

3.11 Beta or Proof of Concept Services. If Motorola makes any beta version of its Services (“Beta Service”) available to Customer, or provides Customer a trial period or proof of concept period (or other demonstration) of the Services at reduced or no charge (“Proof of Concept” or “POC” Service), Customer may choose to use such Beta or POC Service at its own discretion, provided, however, that Customer will use the Beta or POC Service solely for purposes of Customer’s evaluation of such Beta or POC Service, and for no other purpose. Customer acknowledges and agrees that all Beta or POC Services are offered “as-is” and without any representations or warranties or other commitments or protections from Motorola. Motorola will determine the duration of the evaluation period for any Beta or POC Service, in its sole discretion, and Motorola may discontinue any Beta or POC Service at any time. Customer acknowledges that Beta Services, by their nature, have not been fully tested and may contain defects or deficiencies. Notwithstanding any other provision of this Agreement, to the extent a future paid Service has been agreed upon subject to and contingent on the Customer’s evaluation of a Proof of Concept Service, Customer may cancel such future paid Service as specified in the SOW or, if not specified, within a reasonable time before the paid Service is initiated.

**Section 4. WARRANTY**

4.1 CUSTOMER ACKNOWLEDGES, UNDERSTANDS AND AGREES THAT MOTOROLA DOES NOT GUARANTEE OR WARRANT THAT IT WILL DISCOVER ALL OF CUSTOMER’S SECURITY EVENTS (SUCH EVENTS INCLUDING THE UNAUTHORIZED ACCESS, ACQUISITION, USE, DISCLOSURE, MODIFICATION OR DESTRUCTION OF CUSTOMER DATA), THREATS, OR SYSTEM VULNERABILITIES. MOTOROLA DISCLAIMS ANY AND ALL RESPONSIBILITY FOR ANY AND ALL LOSS OR COSTS OF ANY KIND ASSOCIATED WITH SECURITY EVENTS, THREATS OR VULNERABILITIES WHETHER OR NOT DISCOVERED BY MOTOROLA. MOTOROLA DISCLAIMS ANY RESPONSIBILITY FOR CUSTOMER’S USE OR IMPLEMENTATION OF ANY RECOMMENDATIONS PROVIDED IN CONNECTION WITH THE SERVICES. IMPLEMENTATION OF RECOMMENDATIONS DOES NOT ENSURE OR GUARANTEE THE SECURITY OF THE SYSTEMS AND OPERATIONS EVALUATED. CUSTOMER SHALL BE RESPONSIBLE TO TAKE SUCH ACTIONS NECESSARY TO MITIGATE RISKS TO ITS OPERATIONS AND PROTECT AND PRESERVE ITS COMPUTER SYSTEMS AND DATA, INCLUDING CREATION OF OPERATIONAL WORKAROUNDS, BACKUPS AND REDUNDANCIES.

4.2. Customer acknowledges, understands and agrees that the Services and products or equipment provided by or used by Motorola to facilitate performance of the Services may impact or disrupt information systems. Motorola disclaims responsibility for costs in connection with any such disruptions of and/or damage to Customer’s or a third party’s information systems, equipment, voice transmissions, data and Customer Data, including, but not limited to, denial of access to a legitimate system user, automatic shut-down of information systems caused by intrusion detection software or hardware, or failure of the information system resulting from the provision or delivery of the Service.

4.3. Motorola warrants that Supplied Equipment, under normal use and service, will be free from material defects in materials and workmanship for one (1) year from the date of shipment, subject

	<b>Document Description</b>	<b>Page 23</b>
<b>2300000002</b>	<b>Public Safety Communications Products (Motorola)</b>	

to Customer providing written notice to Motorola within that period. AS IT RELATES TO THE SUPPLIED EQUIPMENT, MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE.

4.4. Pass-Through Warranties. Notwithstanding any provision of this Addendum or any related agreement to the contrary, Motorola will have no liability for third-party software, hardware or services resold or otherwise provided by Motorola; provided, however, that to the extent offered by third-party software, hardware or services providers and to the extent permitted by law, Motorola will pass through express warranties provided by such third parties.

**Section 5 LIMITATION OF LIABILITY**

5.1. DISCLAIMER OF CONSEQUENTIAL DAMAGES. 6.6. **VaaS Program Payment.** Unless otherwise provided in an Ordering Documents (and notwithstanding the provisions of the MCA), Customer will prepay a subscription Fee quarterly (each a "Subscription Quarter"), as set forth in an Ordering Documents.

	<b>Document Description</b>	<b>Page 35</b>
2300000002	<b>Public Safety Communications Products (Motorola)</b>	

If Customer orders any additional Product(s) under the VaaS Program subsequent to the initial purchase by Customer, Fees for such additional Product will be added to the quarterly subscription Fee, and will be payable on the same Fee payment schedule as the initial Product purchased under the VaaS Program; provided, however, that for the first Subscription Quarter during which such additional Product is purchased, the subscription Fee for the applicable additional Product will be pro-rated based on the applicable number of days remaining in the such initial Subscription Quarter.

#### 6.7. VaaS Program Term and Termination.

6.7.1. VaaS Term. Customer's participation in the VaaS Program will commence upon the System Completion Date under this MVA, and will continue through the end of the final Commitment Term hereunder ("the "VaaS Term"). Following the end of any Commitment Term, Customer's access to the Cloud Hosted Evidence Management System with respect to the Equipment purchased relative to that Commitment Term will expire, and Customer must download or transfer all Customer Data associated with the applicable Equipment within thirty (30) days following expiration unless Customer purchases extended access to the Cloud Hosted Evidence Management System from Motorola at the prevailing rates. Motorola has no obligation to retain Customer Data for expired Equipment beyond thirty (30) days following expiration of the applicable Commitment Term. For example, if Customer purchases 100 devices on January 1 of Year 1 of the VaaS Term, and then 100 additional devices on January 1 of Year 3, on December 31 of Year 5 (i.e., the conclusion of the Initial Commitment Term), Customer's access to the Cloud Hosted Evidence Management System with respect to the first 100 devices will be discontinued, and Customer must purchase extended storage or transfer all Customer Data associated with the first 100 devices within thirty (30) days of expiration of the Initial Commitment Term. In the foregoing example, the Cloud Hosted Evidence Management System access and data storage for the second 100 devices purchase will extend until December 31 of Year 7.

6.7.2. Termination. The termination provisions applicable to the VaaS Program will be those set forth in the MCA, EPSLA and SSA, as applicable. If Customer's participation in the VaaS Program is terminated for any reason prior to the end of the Initial Commitment Term or any Subsequent Commitment Term, Customer will pay the pro-rated remainder of the aggregate Equipment MSRP price (prevailing as of the time of delivery), calculated by multiplying the MSRP price of all Equipment purchased under the VaaS Program by the percentage resulting from dividing the number of months remaining in the Commitment Term applicable to such Equipment by sixty (60). In the event Customer purchased Equipment on multiple dates, resulting in separate Commitment Terms for certain Equipment, the preceding calculation will be made relative to the applicable Commitment Term for each Equipment order. For example, if Customer purchased \$1,000 worth of Equipment on January 1 of Year 1 of the VaaS Term, and then \$1,000 worth of Equipment on January 1 of Year 2, and then Customer's VaaS Program terminates on December 31 of Year 3, Customer will be required to repay:  $\$1,000 \times (24/60) + \$1,000 \times (36/60)$ , which is equal to \$1,000 in the aggregate.

7. System Completion. Any Mobile Video System sold hereunder will be deemed completed upon Customer's (or the applicable Authorized User's) Beneficial Use of the

	<b>Document Description</b>	<b>Page 36</b>
2300000002	<b>Public Safety Communications Products (Motorola)</b>	

applicable Mobile Video System (the “System Completion Date”). Customer will not unreasonably delay Beneficial Use, and in any event, the Parties agree that Beneficial Use will be deemed to have occurred thirty (30) days after functional demonstration. As used in this Section, “Beneficial Use” means use by Customer or at least one (1) Authorized User of the material features and functionalities of Mobile Video System, in material conformance with Product descriptions in the applicable Ordering Documents. Any additional Equipment sold in connection with the initial Mobile Video System shall be deemed delivered in accordance of the terms of the EPSLA. Any additional Subscription Software purchased under the VaaS Program will be deemed delivered upon Customer’s receipt of credentials required for access to the Cloud Hosted Evidence Management System or upon Motorola otherwise providing access to the Cloud Hosted Evidence Management System. This Section applies to Products purchased under the MVA notwithstanding the delivery provisions of the Addendum applicable to such Products, such as the SSA or EPSLA, and this Section will control over such other delivery provisions to the extent of a conflict.

**8. Additional Cloud Terms.** The terms set forth in this Section 8 – Additional Cloud Terms apply in the event Customer purchases any cloud hosted software Products under this MVA, including a Cloud Hosted Evidence Management System.

**8.1. Data Storage.** Motorola will determine, in its sole discretion, the location of the stored content for cloud hosted software Products. All data, replications, and backups will be stored at a location in the United States for Customers in the United States.

**8.2. Data Retrieval.** Cloud hosted software Products will leverage different types of storage to optimize software, as determined in Motorola’s sole discretion. For multimedia data, such as videos, pictures, audio files, Motorola will, in its sole discretion, determine the type of storage medium used to store the content. The type of storage and medium selected by Motorola will determine the data retrieval speed. Access to content in archival storage may take up to twenty-four (24) hours to be viewable.

**8.3. Availability.** Unless otherwise specified in the Ordering Documents, Motorola will make reasonable efforts to provide monthly availability of 99.9% for cloud hosted software Products with the exception of maintenance windows. There are many factors beyond Motorola’s control that may impact Motorola’s ability to achieve this goal.

**8.4. Maintenance.** Scheduled maintenance of cloud hosted software Products will be performed periodically. Motorola will make commercially reasonable efforts to notify customers one (1) week in advance of any such maintenance. Unscheduled and emergency maintenance may be required from time to time. Motorola will make commercially reasonable efforts to notify customers of any unscheduled or emergency maintenance twenty-four (24) hours in advance.

**9. Survival.** The following provisions will survive the expiration or termination of this MVA for any reason: Section 1 – Addendum; 2 – Evidence Management Systems; Applicable Terms and Conditions; Section 3 – Payment; Section 5.2 – Applicable End User Terms; Section 6.5.1 – EvidenceLibrary.com; Section 6.7 – VaaS Program Term and Termination; Section 9 – Survival.

## **MAINTENANCE, SUPPORT AND LIFECYCLE MANAGEMENT ADDENDUM**

This Addendum to the Communications System and Services Agreement or other previously executed Agreement currently in force, as applicable (“Primary Agreement”) provides additional or different terms and conditions to govern the sale of Maintenance, Support and Lifecycle Management services. The terms in this Addendum are integral to and incorporated into the Primary Agreement signed by the Parties.

### **1. DEFINITIONS**

All capitalized terms not otherwise defined herein shall have the same meaning as defined in the Primary Agreement.

"MUA" means Microwave Upgrade Agreement (MUA).

"NUA" means Network Upgrade Agreement (NUA).

“SUA” or “SUA II” means Motorola’s Software Upgrade Agreement program for Motorola’s P25 radio system.

### **2. SCOPE**

Motorola will provide Maintenance and Support Services and/or Lifecycle Management as further described in the applicable Statement of Work, or attachment to Motorola’s proposal for additional services.

### **3. TERMS AND CONDITIONS**

The terms of the Primary Agreement combined with the terms of this Addendum will govern the products and services offered pursuant to this Addendum. To the extent there is a conflict between the terms and conditions of the Primary Agreement and the terms and conditions of this Addendum, this Addendum takes precedence.

#### **3.1 MAINTENANCE AND SUPPORT SERVICES**

3.1.1 PURCHASE ORDER ACCEPTANCE. Purchase orders for additional, continued, or expanded maintenance and software support, during the Warranty Period or after the Warranty Period, become binding only when accepted in writing by Motorola.

3.1.2 START DATE. The “Start Date” for Maintenance and Support Services will be indicated in the proposal or a cover page entitled “Service Agreement”.

3.1.3 AUTO RENEWAL. Unless the cover page or SOW specifically states a termination date or one Party notifies the other in writing of its intention to discontinue the Services, this Agreement will renew for an additional one (1) year term on every anniversary of the Start Date. At the anniversary date, Motorola may adjust the price of the Services to reflect the renewal rate.

3.1.4 TERMINATION. Written notice of intent to terminate must be provided thirty (30) days or more prior to the anniversary date. If Motorola provides Services after the termination or expiration of this Addendum, the terms and conditions in effect at the time of termination or expiration will apply to those Services and Customer agrees to pay for those services on a time and materials basis at Motorola’s then effective hourly rates.

3.1.5 EQUIPMENT DEFINITION. For maintenance and support services, Equipment will be defined to mean the hardware specified in the applicable SOW or attachments to the maintenance and support proposal.

	<b>Document Description</b>	<b>Page 39</b>
<b>2300000002</b>	<b>Public Safety Communications Products (Motorola)</b>	

3.1.6 **ADDITIONAL HARDWARE.** If Customer purchases additional hardware from Motorola that becomes part of the System, the additional hardware may be added to this Addendum and will be billed at the applicable rates after the warranty period for that additional equipment expires. Such hardware will be included in the definition of Equipment.

3.1.7 **MAINTENANCE.** Equipment will be maintained at levels set forth in the manufacturer's product manuals and routine procedures that are prescribed by Motorola will be followed. Motorola parts or parts of equal quality will be used for Equipment maintenance.

3.1.8 **EQUIPMENT CONDITION.** All Equipment must be in good working order on the Start Date or when additional equipment is added to the Addendum. Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the Equipment. Customer must promptly notify Motorola in writing when any Equipment is lost, damaged, stolen or taken out of service. Customer's obligation to pay maintenance and support fees for this Equipment will terminate at the end of the month in which Motorola receives the written notice. If Equipment cannot, in Motorola's reasonable opinion, be properly or economically maintained for any reason, Motorola may modify the scope of Services related to that Equipment; remove that Equipment from the Agreement; or increase the price to maintain that Equipment.

3.1.9 **EQUIPMENT FAILURE.** Customer must promptly notify Motorola of any Equipment failure. Motorola will respond to Customer's notification in a manner consistent with the level of Service purchased as indicated in this Addendum and applicable SOW.

3.1.10 **INTRINSICALLY SAFE.** Customer must specifically identify any Equipment that is labeled intrinsically safe for use in hazardous environments.

3.1.11 **EXCLUDED SERVICES.**

a) Service excludes the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards; excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events.

b) Unless specifically included in this Addendum, Service excludes items that are consumed in the normal operation of the Equipment, such as batteries or magnetic tapes.; upgrading or reprogramming Equipment; accessories, belt clips, battery chargers, custom or special products, modified units, or software; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer, combiner, or multicoupler. Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet or the worldwide web, or for Equipment malfunction caused by the transmission medium.

3.1.12 **TIME AND PLACE.** Service will be provided at the location specified in this Addendum and/or the SOW. When Motorola performs maintenance, support, or installation at Customer's location, Customer will provide Motorola, at no charge, a non-hazardous work environment with adequate shelter, heat, light, and power and with full and free access to the Equipment. Waivers of liability from Motorola or its subcontractors will not be imposed as a site access requirement. Customer will provide all information pertaining to the hardware and software elements of any system with which the Equipment is interfacing so that Motorola may perform its Services. Unless otherwise stated in this Addendum or applicable SOW, the hours of Service will be 8:30 a.m. to 4:30 p.m., local time, excluding weekends and holidays. Unless otherwise stated in this Addendum or applicable SOW, the price for the Services exclude any charges or expenses associated with helicopter or other unusual access requirements; if these charges or expenses are reasonably incurred by Motorola in rendering the Services, Customer agrees to reimburse Motorola for those charges and expenses.

<b>2300000002</b>	<b>Public Safety Communications Products (Motorola)</b>	

3.1.13 CUSTOMER CONTACT. Customer will provide Motorola with designated points of contact (list of names and phone numbers) that will be available twenty-four (24) hours per day, seven (7) days per week, and an escalation procedure to enable Customer's personnel to maintain contact, as needed, with Motorola.

### 3.2 **LIFECYCLE MANAGEMENT SERVICES**

3.2.1 The Software License Agreement included as Exhibit A to the Primary Agreement applies to any Motorola Software provided as part of the Lifecycle Management transactions.

3.2.2 The term of this Addendum is [REDACTED] years, commencing on [REDACTED], 201[REDACTED]. The Lifecycle Management Price for the [REDACTED] years of services is \$ [REDACTED], excluding applicable sales or use taxes but including discounts as more fully set forth in the pricing pages. Because the Lifecycle Management is a subscription service as more fully described in the applicable Lifecycle Management Statement of Work, payment from Customer is due in advance and will not be in accordance with any Payment Milestone Schedule.

3.2.3 The System upgrade will be scheduled during the subscription period and will be performed when Motorola's system upgrade operation resources are available. Because there might be a significant time frame between when this Addendum is executed and when a System upgrade transaction is performed, Motorola may substitute any of the promised Equipment or Software so long as the substitute is equivalent or superior to the initially promised Equipment or Software.

3.2.4 Acceptance of a Lifecycle Management transaction occurs when the Equipment (if any) and Software are delivered and the Lifecycle Management services are fully performed; there is no Acceptance Testing with a Lifecycle Management transaction.

3.2.5 The Warranty Period for any Equipment or Motorola Software provided under a Lifecycle Management transaction will commence upon shipment and not on System Acceptance or Beneficial Use, and is for a period of ninety (90) days rather than one (1) year. The ninety (90) day warranty for Lifecycle Management services is set forth in the Lifecycle Management Statement of Work.

3.2.6 In addition to the description of the Lifecycle Management services and exclusions provided in the Lifecycle Management Statement of Work, the following apply:

- a) Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the Equipment.
- b) Lifecycle Management services exclude the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards; excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events.
- c) Unless specifically included in this Addendum or the Lifecycle Management Statement of Work, Lifecycle Management services exclude items that are consumed in the normal operation of the Equipment; accessories; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer,

	<b>Document Description</b>	<b>Page 41</b>
<b>2300000002</b>	<b>Public Safety Communications Products (Motorola)</b>	

combiner, or multicoupler. Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet or the worldwide web, or for Equipment malfunction caused by the transmission medium.

- d) Customer will provide Motorola with designated points of contact (list of names and phone numbers) that will be available during the performance of the Lifecycle Management services.

3.2.7 The Lifecycle Management annualized price is based on the fulfillment of the two year cycle. If Customer terminates this service during a two year cycle, except for Motorola's default, then Customer will be required to pay for the balance of payments owed for the two year cycle if a major system release has been implemented before the point of termination.

3.2.8 If Customer terminates this service and contractual commitment before the end of the [redacted] year term, for any reason other than Motorola's default, then the Customer will pay to Motorola a termination fee equal to the discount applied to the last three years of service payments related to the [redacted] year commitment.

#### 4. PAYMENT

4.1 Unless alternative payment terms are stated in this Agreement, Motorola will invoice Customer in advance for each payment period. All other charges will be billed monthly, and the Customer must pay each invoice in U.S. dollars within thirty (30) days of the invoice date. Customer will reimburse Motorola for all property taxes, sales and use taxes, excise taxes, and other taxes or assessments that are levied as a result of Services rendered under this Agreement (except income, profit, and franchise taxes of Motorola) by any governmental entity.

4.2 INFLATION ADJUSTMENT. For multi-year agreements, at the end of the first year of the Agreement and each year thereafter, a CPI percentage change calculation shall be performed using the U.S. Department of Labor, Consumer Price Index, all Items, Unadjusted Urban Areas (CPI-U). Should the annual inflation rate increase greater than 3% during the previous year, Motorola shall have the right to increase all future maintenance prices by the CPI increase amount exceeding 3%. All items, not seasonally adjusted shall be used as the measure of CPI for this price adjustment. Measurement will take place once the annual average for the new year has been posted by the Bureau of Labor Statistics. For purposes of illustration, if in year 5 the CPI reported an increase of 8%, Motorola may increase the Year 6 price by 5% (8%-3% base).

5. ENTIRE AGREEMENT. This Addendum, any related attachments, and the Primary Agreement, constitutes the entire agreement of the Parties regarding the subject matter of this Addendum and supersedes all previous agreements, proposals, and understandings, whether written or oral, relating to this subject matter. This Addendum may be amended or modified only by a written instrument signed by authorized representatives of both Parties. The preprinted terms and conditions found on any Customer purchase or purchase order, acknowledgment or other form will not be considered an amendment or modification of this Addendum, even if a representative of each Party signs that document.

**4.3. Additional Devices.** Any additional Equipment, including any accessory items, ordered by Customer after Customers' initial purchase of Equipment hereunder may be subject to an incremental increase in Fees. **4.5. VaaS Program Payment.** Unless otherwise provided in an Ordering Document (and notwithstanding the provisions of the MCA), Customer will prepay a subscription Fee yearly (each a "Subscription Year"), as set forth in an Ordering Document. If Customer orders any additional LPR Product(s) under the VaaS Program subsequent to the initial purchase by Customer, Fees for such additional LPR Product will be added to the yearly subscription Fee, and will be payable on the same Fee payment schedule as the initial LPR Products purchased by the Customer; provided, however, that for the first Subscription Year during which such additional LPR Product(s) is purchased, the subscription Fee for the applicable additional LPR Product(s) will be pro-rated based on the applicable number of days remaining in the such initial Subscription Year.

**4.6. VaaS Term and Termination.**

**4.6.1. VaaS Term.** Customer's participation in the VaaS Program will commence upon the receipt of the LPR Products under the VaaS Program, and will continue through the end of the final Commitment Term hereunder ("the VaaS Term"). 	<b>Document Description</b>	<b>Page 46</b>
<b>2300000002</b>	<b>Public Safety Communications Products (Motorola)</b>	

days following expiration of the applicable Commitment Term. For example, if Customer purchases 100 devices on January 1 of Year 1 of the Initial Commitment Term, and then 100 additional devices on January 1 of Year 3, on December 31 of Year 5 (i.e., the conclusion of the Initial Commitment Term), Customer's access to the Subscription Services with respect to the first 100 devices will be discontinued, and Customer must purchase extended access to the Subscription Services or transfer all Customer Data associated with the first 100 devices within thirty (30) days of expiration of the Initial Commitment Term. In the foregoing example, the access to Subscription Services for the second 100 devices purchase will extend until December 31 of Year 7.

**4.6.2. Termination.** The termination provisions applicable to VaaS Program will be those set forth in the MCA, EPSLA and SSA, as applicable. If Customer's participation in the VaaS Program is terminated for any reason prior to the end of the Initial Commitment Term or any Subsequent Commitment Term, Customer will pay the pro-rated remainder of the aggregate Equipment MSRP price (prevailing as of the time of delivery), calculated by multiplying the MSRP price of all LPR Product Equipment purchased under the VaaS Program by the percentage resulting from dividing the number of months remaining in the Commitment Term applicable to such Equipment by sixty (60). In the event Customer purchased Equipment on multiple dates, resulting in separate Commitment Terms for certain Equipment, the preceding calculation will be made relative to the applicable Commitment Term for each Equipment order. For example, if Customer purchased \$1,000 worth of Equipment on January 1 of Year 1 of the VaaS Term, and then \$1,000 worth of Equipment on January 1 of Year 2, and then Customer's VaaS Program terminates on December 31 of Year 3, Customer will be required to repay:  $\$1,000 \times (24/60) + \$1,000 \times (36/60)$ , which is equal to \$1,000 in the aggregate.

**4.6.3. Post Termination Subscription Software Access.** Upon completion of the VaaS Term, Customer may elect to purchase additional CLKs, at then current rates, for continued Vigilant CarDetector and/or Subscription Software access. If applicable, additional network costs, at then current rates, may apply. Any continued Software Subscription access shall continue to be governed by the MCA, SSA, and Vigilant Addendum.

**5. Survival.** The following provisions will survive the expiration or termination of this Vigilant Addendum for any reason: Section 1 – Addendum; Section 3 – Subscription Software; Section 4.41 – Vigilant VehicleManager or Vigilant ClientPortal; Section 4.5 – VaaS Payment; 4.6 – VaaS Term and Termination; Section 5 – Survival.

### Software Products Addendum

This Software Products Addendum (this “SPA”) is entered into between Motorola Solutions, Inc., with offices at 500 W. Monroe Street, Suite 4400, Chicago, IL 60661 (“Motorola”) and the entity set forth in the signature block below or in the MCA (“Customer”), and will be subject to, and governed by, the terms of the Master Customer Agreement entered into between the Parties, effective as of [REDACTED] (the “MCA”), and the applicable Addenda. Capitalized terms used in this SPA, but not defined herein, will have the meanings set forth in the MCA or the applicable Addenda.

1. Addendum. This SPA governs Customer’s purchase of certain Motorola software Products, including Software Systems, and will form part of the Parties’ Agreement. A “Software System” is a solution that includes at least one command center software Product and requires Integration Services to deploy such software Product at a Customer Site or onto any Customer-Provided Equipment or Equipment provided to Customer. In addition to the MCA, other Addenda may be applicable to the Software System or other software Products, including the Subscription Software Addendum (“SSA”), with respect to Subscription Software, and the Equipment Purchase and Software License Addendum (“EPSLA”), with respect to Licensed Software and Equipment, as further described below. This SPA will control with respect to conflicting terms in the MCA or any other applicable Addendum, but only as applicable to the Software System or other software Products purchased under this SPA and not with respect to other Products and Services.

2. Software Systems; Applicable Terms and Conditions.

2.1. On-Premise Software System. If Customer purchases an “on-premises Software System,” where Equipment and Licensed Software are installed at Customer Sites or on Customer-Provided Equipment, then, unless the Ordering Document(s) specify that any software is being purchased on a subscription basis (i.e., as Subscription Software), such Equipment and Licensed Software installed at Customer Sites or on Customer-Provided Equipment are subject to the EPSLA. On-premises Software Systems described in this Section qualify for the System Warranty as described in Section 5 – On-Premises Software System Warranty (the “System Warranty”). In connection with the on-premises Software System, Customer may also purchase additional Subscription Software that integrates with its on-premises Software System (e.g., CommandCentral Aware) (each, an “Add-On Subscription”). Any Add-On Subscription will be subject to the terms and conditions of the SSA and excluded from the System Warranty.

2.2. On-Premise Software System as a Service. If Customer purchases an “on-premises Software System as a service,” where Equipment and software Products are installed at Customer Sites or on Customer-Provided Equipment, and such software is generally licensed on a subscription basis (i.e., as Subscription Software), then such Subscription Software will be subject to the SSA and not the EPSLA. Any (a) Equipment purchased, (b) firmware preinstalled on such Equipment, and (c) Microsoft operating system Licensed Software are subject to the EPSLA. On-premises Software Systems as a service described in this Section are provided as a service and, accordingly, do not qualify for the System Warranty. System completion, however, is determined in accordance with the provisions of Section 3 – Software System Completion below.

2.3. **Cloud Hosted Software System.** If Customer purchases a “cloud hosted Software System,” where the applicable software is hosted in a data center and provided to Customer as a service (i.e., as hosted Subscription Software), including CommandCentral Products, then such Subscription Software is subject to the SSA. Any Equipment purchased in connection with a cloud Software System is subject to the EPSLA. Cloud hosted Software Systems described in this Section do not qualify for the System Warranty. System completion, however, is determined in accordance with the provisions of Section 3 – Software System Completion below.

2.4. **Services.** Any Integration Services or Maintenance and Support Services purchased in connection with, or included as a part of, a Software System are subject to the MCA, and as described in the applicable Ordering Document.

3. **Software System Completion.** Any Software System described in an Ordering Document hereunder (including the Products, Integration Services, and all other components thereof) will be deemed completed upon Customer’s (or the applicable Authorized User’s) Beneficial Use of each Product that is included in the Software System (unless alternative acceptance procedures are set forth in the applicable Ordering Document) (the “System Completion Date”). Customer will not unreasonably delay Beneficial Use of any Product within a Software System, and in any event, the Parties agree that Beneficial Use of a Product will be deemed to have occurred thirty (30) days after functional demonstration. For clarity, if a Software System is comprised of more than one Product, Motorola may notify Customer that all Integration Services for a particular Product within the Software System have been completed, and Customer may have Beneficial Use of such Product prior to having Beneficial Use of other Products in the Software System, or of the Software System as a whole. In such case, the Integration Services applicable to such Product will be deemed complete upon Customer’s Beneficial Use of the Product (“Product Completion Date”), which may occur before the System Completion Date. As used in this Section, “Beneficial Use” means use by Customer or at least one (1) Authorized User of the material features and functionalities of a Product within a Software System, in material conformance with Product descriptions in the applicable Ordering Document. This Section applies to Products purchased as part of a Software System notwithstanding the delivery provisions of the Addendum applicable to such Products, such as the SSA or EPSLA, and this Section will control over such other delivery provisions to the extent of a conflict.

4. **Payment.** Customer will pay invoices for the Products and Services covered by this SPA in accordance with the invoice payment terms set forth in the MCA. Fees for Software Systems will be invoiced as of the System Completion Date, unless another payment process or schedule or milestones are set forth in an Ordering Document or applicable Addendum. In addition to Equipment, Licensed Software, Subscription Software and Integration Services (as applicable) sold as part of a Software System, the Ordering Documents for a Software System may also include post-deployment Integration Services or other Services which are to be provided following the date of functional demonstration (“Post-Deployment Services”). Post-Deployment Services will be invoiced upon their completion and paid by Customer in accordance with the terms of the MCA.

5. **On-Premises Software System Warranty.** Subject to the disclaimers in the MCA and any other applicable Addenda, Motorola represents and warrants that, on the System Completion Date for an on-premises Software System described in Section 2.1 – On-Premises Software System, or on the applicable Product Completion Date for a specific

Product within such on-premises Software System, if earlier, (a) such Software System or Product will perform in accordance with the descriptions in the applicable Ordering Documents in all material respects, and (b) if Customer has purchased any Equipment or Motorola Licensed Software (but, for clarity, excluding Subscription Software) as part of such on-premises Software System, the warranty period applicable to such Equipment and Motorola Licensed Software will continue for a period of one (1) year commencing upon the System Completion Date for the Software System that includes such Products, or on the applicable Product Completion Date, if earlier, instead of commencing upon delivery of the Products in accordance with the terms and conditions set forth in Section 6 – Representations and Warranties; Liabilities of the EPSLA. The warranties set forth in the applicable Addenda are not otherwise modified by this SPA.

6. **Prohibited Use.** Customer will not integrate or use, or permit a third party or an Authorized User to integrate or use, any Non-Motorola Content with or in connection with a Software System or other software Product provided by Motorola under this SPA, without the express written permission of Motorola.

7. **Support of Downloaded Clients.** If Customer purchases any software Product that requires a client installed locally on any Customer-Provided Equipment or Equipment in possession of Customer, Customer will be responsible for downloading and installing the current version of such client, as it may be updated from time to time. Motorola will use reasonable efforts to continue supporting any version of a client for forty-five (45) days following its release, but Motorola may update the current version of its client at any time, including for bug fixes, product improvements, and feature updates, and Motorola makes no representations or warranties that any software Product will support prior versions of a client.

8. **Additional Terms for On-Premise Software System as a Service.** The terms set forth in this Section 7 – Additional Terms for On-Premise Software System as a Service apply in the event Customer purchases an on-premises Software System as a service under this SPA.

8.1. **Transition to Subscription License Model.** If the Parties mutually agree that any on-premises Subscription Software purchased under this SPA as part of an on-premises Software System as a service will be replaced with or upgraded to Subscription Software hosted in a data center, then upon such time which the Parties execute the applicable Ordering Document, (a) the licenses granted to such on-premises Subscription Software under the applicable Ordering Document will automatically terminate, (b) Customer and its Authorized Users will cease use of the applicable on-premises copies of Subscription Software, and (c) the replacement hosted Subscription Software provided hereunder will be governed by the terms of the SSA and this SPA.

8.2. **Transition Fee.** Motorola will not charge additional Fees for Services related to the transition to hosted Subscription Software, as described in Section 8.1 – Transition to Subscription License Model. Notwithstanding the foregoing, subscription Fees for the applicable hosted Subscription Software are subject to the SSA and the applicable Ordering Document, and may be greater than Fees paid by Customer for on-premises Subscription Software.

8.3. **Software Decommissioning.** Upon (a) transition of the on-premises Software System as a service to Subscription Software hosted in a data center or (b) any termination of

the Subscription Software license for the on-premises Software System as a service, Motorola will have the right to enter Customer Sites and decommission the applicable on-premises Subscription Software that is installed at Customer’s Site or on Customer-Provided Equipment. For clarity, Customer will retain the right to use Licensed Software that is firmware incorporated into Equipment purchased by Customer from Motorola and any Microsoft operating system Licensed Software.

9. **Additional Terms for CAD and Records Products.** The terms set forth in this Section 8 – Additional Terms for CAD and Records Products apply in the event Customer purchases any Computer Aided Dispatch (“CAD”) or Records Products under this SPA.

9.1. **Applicable End User Terms.** Additional license terms apply to third-party software included in CAD and Records Products which are available online at: [www.motorolasolutions.com/product-terms/flow-downs](http://www.motorolasolutions.com/product-terms/flow-downs) . Customer will comply, and ensure its Authorized Users comply, with all such additional license terms.

9.2. **Support Required.** Customer acknowledges and agrees that the licenses granted by Motorola under the Agreement to CAD and Records Products for on-premises Software Systems are conditioned upon Customer purchasing Maintenance and Support Services for such Products during the term of the applicable license. If at any time during the term of any such license, Customer fails to purchase associated Maintenance and Support Services (or pay the fees for such Services), Motorola will have the right to terminate or suspend the software licenses for CAD and Record Products, and this SPA or the applicable Ordering Document.

9.3. **CJIS Security Policy.** Motorola agrees to support Customer’s obligation to comply with the Federal Bureau of Investigation Criminal Justice Information Services (“CJIS”) Security Policy and will comply with the terms of the CJIS Security Addendum for the term of the Addendum or Ordering Document for the applicable Product. Customer hereby consents to Motorola screened personnel serving as the “escort” within the meaning of CJIS Security Policy for unscreened Motorola personnel that require access to unencrypted Criminal Justice Information for purposes of Product support and development.

10. **Survival.** The following provisions will survive the expiration or termination of this SPA for any reason: Section 1 – Addendum; Section 2 – Software Systems; Applicable Terms and Conditions; Section 6 – Prohibited Use; Section 9.1 – Applicable End User Terms; Section 10 – Survival.
