The Honorable Ernie Fletcher
Governor
Commonwealth of Kentucky
The Capitol
Frankfort, KY 40601

Dear Governor Fletcher:

This letter is to verify that the financial records maintained by the Treasury Department for FY '07 are in material agreement with the financial records provided herein by the Finance and Administration Cabinet. Sincerely,

COMMONWEALTH DEBT MANAGEMENT

Management

The Office of Financial Management ("OFM"), Finance and Administration Cabinet, has central responsibility for the issuance, management, review and approval of all debt issued by the Commonwealth and its agencies. Table I lists active issuing entities. OFM is also responsible for the coordination and monitoring of cash needs relative to debt activity, debt service payments and the development of a comprehensive long-term debt plan. OFM serves as primary staff to the State Property and Buildings Commission, the Kentucky Asset/Liability Commission, and the Kentucky Local Correctional Facilities Construction Authority.

Structure

The Commonwealth's indebtedness is classified as either appropriation supported debt or non-appropriation supported debt as displayed in Table II.

Appropriation supported debt carries the name of the Commonwealth and is either (i) a general obligation of the State, or (ii) a lease revenue obligation of one of its debt issuing agencies created by the Kentucky General Assembly to finance various projects which is subject to state appropriation for all or a portion of the debt service on the bonds.

General obligation bonds pledge the full faith, credit and taxing power of the Commonwealth for the repayment of the debt. The Kentucky Constitution requires voter approval by general referendum prior to the issuance of general obligation bonds in amounts exceeding \$500,000. Kentucky has not issued general obligation bonds since 1966. The Commonwealth has no general obligation bonds outstanding.

Project revenue notes and bonds are issued by various debt issuing authorities of the Commonwealth. The revenues produced by the projects funded by the debt are pledged as security for repayment of the debt. Project revenue debt is not a direct obligation of the Commonwealth. Project revenues are, in some cases, derived partially or solely from biennial appropriations of the General Assembly. In other cases, the direct revenues generated from the project funded constitute the entire source of payment.

The payment of debt service by the state universities is enhanced by a state intercept provision that provides that in the event of a default, the Secretary of the Finance Cabinet is required to intercept any funds appropriated to the University but not yet disbursed and to remit those funds to the Trustee to remedy the default.

Non-appropriation or moral obligation debt carries the name of the Commonwealth for the benefit and convenience of other entities within the state. This type of indebtedness is a special obligation of the issuer, secured and payable solely from the sources pledged for the payment thereof and does not constitute a debt, liability, obligation or a pledge of the faith and credit of the Commonwealth. The General Assembly does not intend to appropriate any funds to fulfill the financial obligations represented by these types of indebtedness. Some issues covenant that in the event of a shortfall the issuer will request from the Governor and the General Assembly sufficient amounts to pay debt service. Kentucky Infrastructure Authority Governmental Agencies Program and certain Kentucky Higher Education Student Loan Corporation bond issues are no longer moral obligation debt.

Default Record

The Commonwealth has never defaulted in the payment of principal or interest on its general obligation indebtedness or its project revenue obligations.

NOTES TO THE DEBT REPORT

1. KENTUCKY TURNPIKE AUTHORITY - Economic Development 1992 Revitalization: Debt service reserve investment income and principal is applied to the final 12-30-2009 maturity.

Economic Development 1993 Revitalization: The investment income from the debt service reserve is applied to debt service through 12-30-2008. The income and principal of the reserve is applied to final maturity at 6-30-2009.

2. KENTUCKY TURNPIKE AUTHORITY - Resource Recovery 1985: The investment income from the debt service reserve is applied to debt service beginning 12-30-2006. The income and principal of the debt service reserve is applied to the final 6-30-2009 maturity.
3. KENTUCKY TURNPIKE AUTHORITY - scheduled debt service reflects July 1 debt service as being paid on June 30, and therefore shows outstanding principal being reduced one fiscal year in advance.
4. KENTUCKY ECONOMIC DEVELOPMENT FINANCE AUTHORITY - The Authority acts as a conduit for the issuance of various private activity hospital and industrial revenue bonds. Principal amounts due and interest rates on most issues are subject to periodic change. The state has no liability for debt service on these types of bonds. Principal and interest payments are the responsibility of the borrowing parties.

Bonds are also issued on behalf of approved companies and economic development projects in an effort to create jobs in high unemployment counties within the Commonwealth. The companies have entered into lease financing agreements with the Commonwealth in amounts sufficient to provide debt service on the bonds, and are eligible for state corporate income tax credits due to their participation in the program. Neither the Commonwealth nor any of its departments or agencies will have or incur any liability, directly or indirectly, for payment of the principal or the interest on these types of bonds.

5. KENTUCKY HOUSING CORPORATION - The Corporation acts as a conduit for the issuance of private activity multifamily mortgage bonds. The Corporation and the Commonwealth have no liability for debt service on these bonds, the proceeds of which are used to finance the construction or rehabilitation of multifamily housing for residents of lower income. Principal and interest payments are the responsibility of the borrowers who are developers of the low income multifamily housing.

The state's Moral Obligation to appropriate debt service in the event of a shortfall has been removed.
7. ASSET/LIABILITY COMMISSION - \$24,280,000 of 2005 Agency Fund Second Series Project Indexed Put Notes were sold on various dates for the benefit of the Economic Development Cabinet, University of Louisville, Northern Kentucky University, and Western Kentucky University. This program allows additional draws for project fundings until 4/2/09 and is available to other state universities and state agencies. The notes are periodically remarketed with interest rates resets. The interest shown is estimated at the appropriated 4.40% rate.
9. STATE PROPERTY AND BUILDINGS COMMISSION - All issues listed as Agency Fund projects are issued on behalf of various agencies, e.g. state universities, State Fair Board, etc. While these bond issues are shown as liabilities of the State Property and Buildings Commission, the debt service is a liability of the various state agencies for which the bonds were issued and is reflected as debt outstanding on the financial statements of the respective agencies as well.
10. STATE PROPERTY AND BUILDINGS COMMISSION - The State Property and Buildings Commission issued \$41,380,000 taxable refunding bonds on June 29, 1987, to refinance \$67,026,000 outstanding academic facility and housing and dining system revenue bonds composed of 55 individual bond issues of Eastern Kentucky University, Morehead State University, Murray State University, Northern Kentucky University, the University of Kentucky, the University of Louisville and Western Kentucky University. The pre-existing debt of the refunded bonds is recognized in the financial statements of the respective universities, since these amounts are still considered an outstanding obligation of the respective universities. While this issue is shown as a liability of the State Property and Buildings Commission also, it continues to be a liability of the various state universities and is reflected in their debt outstanding as well.
