Getting Care

Your Primary Care Provider.
We call the main doctor you see a Primary Care Provider, or PCP. When you see the same PCP over time, it’s easier to develop a relationship with them. Each family member can have his or her own PCP, or you may all choose to see the same person. If you do not select a PCP, we will choose one for you.

See your PCP for:
• Routine care, including yearly checkups.
• Coordinating your care with a specialist.
• Treatment for colds and flu.
• Referrals for non-emergency services.
• Information for accessing medical services.
• Managing medical problems.
• Other health concerns.

Schedule a wellness exam soon.
A yearly wellness exam with your PCP is important for good health. These visits are fully covered. Schedule your visit within the first 30 days of joining your health plan. Call Member Services if you’d like help setting up your PCP visit.

Changing your PCP.
You can change your assigned PCP within 30 days from the date you receive your UnitedHealthcare Community Plan of Kentucky ID card. Just call Member Services at <1-800-555-5555>, TTY 711. After that, you can change your PCP up to one time each year with any reason. To change your PCP more than once a year, you need to have a good reason (good cause). See your member handbook for more details.
