

AMENDMENT #1 – RFI#061918

Kentucky State Fair Board Kentucky Exposition
Center Development of Full Service Hotel,
Restaurants, Entertainment, and Retail Outlets at the
Kentucky Exposition Center

The following questions have been posed, pertaining to the subject RFI:

- 1.) Could we mark the whole response as “confidential and proprietary”?
- 2.) Will what we mark as confidential and proprietary will not be considered public record?

As a Respondent, you may mark whatever you want withheld as proprietary and confidential. Marking the entire response as proprietary and confidential is fine; however, please be reminded there will potentially be things in the file, if we release a RFP and your particular company responds, that cannot be withheld and will be required to be disclosed to the public (i.e. contracts).
